March Birth Stones

If you have occasion to make a birthday gift during this month, why not choose an article containing the stone that will commemorate the event in the most pleasurable way?

**The Aqua Marine
The Bloodstone**

In the former you will find a splendid selection in Pins, Rings and Brooches, of most dainty design.

The Bloodstone

There is a legend connected with this stone, which is green in color, dotted with red spots, that when Our Savior hung upon the Cross the blood dropping from his pierced side fell upon the stones below, spotting them, and that from that day to the present certain stones bear this mark to call attention to the Master's sacrifice for mankind.

O. P. FINISHES ORGANIZATION OF THE NEXT HOUSE

Proposal to Increase Steering Committee Voted Down

(By The Associated Press.)

WASHINGTON, March 13.—Efforts to add four members to the Republican steering committee of the next house, which in effecting the general course of legislation in the next congress is regarded by leaders as indicating the party platform of 1920, were defeated today at the final meeting of the committee on committees which framed the house organization. The proposal as voted down 155 to 36, but it was said an attempt might be made to reject the committee's action at the party conference which will be held just before congress reconvenes. Representative Longworth of Ohio, and Johnson of South Dakota protested the Ohio member charging that the net result of all the work of the committee was the most complete sort of triumph for reactionism and the South Dakota representative declaring that the failure to increase the membership was a "serious mistake."

Party Fight to Party Conference

Both intimating that they would carry the fight to the party conference. The motion to increase the membership of the steering committee was presented by Representative Johnson. He nominated as additional members, Representative Anderson of Minnesota, Nolan of California, Kemp of Virginia, and Reeves of Nebraska, and said such action would "secure representation of the Progressive sentiment of the west" and also give labor a voice. His motion was opposed by Representative Moore of Pennsylvania, Mann of Illinois and Montell of Wyoming, who said that the committee on committees was limited to the selection of five men and that the west had been given fair representation thru the house organization. The thirty-six votes in favor of the increase were cast for the Republican representatives from Ohio, Massachusetts, Maryland and South Dakota, while the 155 opposing votes were cast by the Wisconsin, New York, Pennsylvania, Illinois, Idaho, Oregon, California, Kentucky, Michigan, Wyoming, Indiana, Montana, Rhode Island, Colorado, Minnesota, New Hampshire and North Dakota delegations.

Mann Heads Suffrage Committee

Final approval was given to the assignment of members to the standing committees. Mr. Mann was selected as chairman of the committee on woman suffrage. The Illinois representative announced later that he would introduce the Susan B. Anthony constitutional amendment in the next house on the first day it meets and would urge its speedy adoption. Republican members of the suffrage committee were selected today as follows: Mann, Illinois; Longworth, Ohio; Chittenden, Wisconsin; New York; Ranss, Maryland; and Andrews, Massachusetts; Edmonds, Pennsylvania; Rowe, New York; Scott, Michigan; White, Maine; Lehigh, New Jersey; and Burroughs, New Hampshire.

The Dominating Figure

Representative Longworth said the result of the committee work was to make James R. Mann the dominating figure of the next house. It had been deliberately planned to restore the conditions existing in the house ten years ago," declared his statement, "as a result of which the Republican majority became a minority, the plan could not have been more successfully consummated."

Mr. Longworth attacked Mann's record during the war congress adding that Republicans thruout the country "if they want some other leader let them instruct their representatives to see that it that the program is modified at least to the extent that control of the house organization be placed in the hands of men who have stood straight on preparedness and on war measures and who believe the Republican party has progressed since 1910."

MEXICANS WANT 2,000 U. S. RIFLES

EL PASO, Texas, March 13.—Following the exportation of 150,000 rounds of ammunition to Juarez yesterday for the Mexican federal army under special permit from the state department a formal request has been made by Mexican authorities for 2,000 American made rifles and the necessary permit for their exportation from Washington before April first it became known here that the rifles and other foreign owned mines and mills in northern Mexico which were threatened with destruction by Villa unless a million dollars tribute was paid him.

\$20,000,000 For The Lake To The Gulf Waterway

(By The Associated Press.)

SPRINGFIELD, Ill., March 13.—Appropriation measures providing funds for building the Lockport canal link of the Lake-to-the-Gulf waterway, according to legislative leaders are expected to carry the entire \$20,000,000 authorized by the people for the purpose thru issuance of bonds. Bills designating the route of the waterway and proposing details of construction were introduced in both houses today. Piecemeal appropriations, it was pointed out might result in embarrassment to the administration if it was desired to award large contracts before the meeting of the fifty-second general assembly two years hence.

None of the money can be expended, it was explained, until the bonds have been issued.

Democratic support for the Gregory and Barr bills presented in the house and senate today is said to be assured.

"We are for the waterway," Minority Leader Igoe declared late today. "We have no intention of obstructing the progress of waterway bills."

Some apprehension was manifested by Republican leaders because of the fact that the so-called Lowden bill was prepared as an entirely new measure instead of amending the Dunne bill of 1915.

At today's house session a letter was read from Judge John L. Cooper of Fairfield, Democratic member of the fifty-fifth general assembly withdrawing his petition of contest for a seat from the forty-sixth senatorial district in the present legislature. The house on motion of Representative Shurtliff gave him a vote of thanks.

A resolution introduced in the house today and held on the speaker's table, sponsored by Representative Samuel E. Weinschenk of Chicago, Democrat asks that the general assembly go on record as favoring a league of nations as proposed by President Wilson.

House members for the most part left for their homes today, although adjournment was taken until tomorrow for advancement of bills from first to second reading. The senate quit at noon for the week.

DIVERGENCE IN VIEWS EXPRESSED

PARIS, March 13.—There is a divergence in the views of the members of the committee investigating the responsibility for the war on several points, according to the Temps. As to whether the former German emperor and other heads of enemy states should be brought to trial is a question on which a division of opinion exists while the matter of an international tribunal or military tribunals for judging those charged with violations of the right of nations during the war has not been settled.

The American delegates have opposed an international tribunal, pointing out that the United States was not a belligerent during the whole period when such violations were committed. A possible solution has been under consideration—the appointment of military tribunals composed of officers of different nationalities.

BRITISH DECORATE U. S. MEDICAL OFFICERS

WASHINGTON, March 13.—Sixty six American army medical officers and men have been decorated by the British government for bravery and distinguished service in the war. Surgeon General Ireland was awarded today by the British war office. Major Emanuel Goldstein of New York City and Captain George P. O'Malley, St. Louis, were made honorary companions of the Distinguished Service Order, and forty-nine captains and first lieutenants were awarded the military cross. The distinguished conduct medal and military medal of Great Britain was conferred upon fifteen enlisted men.

Among the officers awarded the military cross were:

Captain William Lester Smith, Toledo, Ill., and Lieutenants Irvine P. Barnett, Chicago; Earl R. Channess, Chicago; Edward A. Christofferson, Chicago; Oscar H. Peterson, Lamoni, Iowa.

VILLA BANDITS KILL THREE CHINESE

JUAREZ, Mex., March 13.—Three Chinese were killed Tuesday when Ramon Vega's Villa command entered and looted Pearson, Chihuahua, 150 miles south of here, according to Chinese who arrived here today. No Americans were harmed. Reports from Corralitos, 105 miles south of here, indicated fighting probably would occur there during the night.

Villa with 500 men was at the Corralitos ranch headquarters and 400 federal troops with two machine guns were fortified in the Corralitos station five miles distant awaiting an attack.

FILIPINO MISSION ON WAY TO U. S.

Honolulu, March 13.—The special Filipino commission seeking closer relations with the United States has arrived here enroute to Washington. It is understood the purpose of the commission is to promote the cause of Filipino independence but the spokesmen declined to make a statement on this point.

BETTER SERVICE BETWEEN U. S. AND SOUTH AMERICA

Twenty-Two 12,000 Ton Vessels Now Under Construction

(By The Associated Press.)

WASHINGTON, March 13.—Plans of the shipping board for the establishment in the near future of regular passenger and freight steamship service between the United States and South and Central American countries thru the use of twenty two 12,000 ton vessels now under construction were disclosed by Chairman Hurley today at a meeting at the Pan-American Union of government officials.

"These ships," said Mr. Hurley, "will make weekly trips to Central and South America. Accommodations will be as fine as any Trans-Atlantic liner. They must be made so in order to invite travel."

Chairman Hurley said the ports of Buenos Aires, Valparaiso, Callao, Iniquique, Valparaiso, Buenos Aires, Montevideo, Rio de Janeiro and La Guayra would be included in the service. Many of these ports, he said had port facilities superior to the United States.

Plans for cable and radio service with Latin-America were referred to by Mr. Hurley, who said he would not be surprised if within a few years American concerns would be able to place orders in South America by wireless telephone.

William P. G. Harding, governor of the federal reserve board, said the board was doing all in its power to foster relations between the two continents and had authorized a number of banks to establish branches in Central and South America.

Under the provision of the Victory Liberty Loan bill authorizing a billion dollar extension of credit to promote foreign trade, Governor Harding said it was the duty of the United States to aid the industries of Latin-America as well as of Europe.

Assistant Secretary of the Treasury, Mr. Rowan, said that if England, worn by four years of war, could not meet Latin-American needs as rapidly as the United States, he said the present demand for American goods was less than many business men expected because the merchants of South America were loathe to buy stock on a falling market and also because freight rates were still high.

OCEAN - OCEAN AERIAL PASSENGER SERVICE

(By The Associated Press.)

NEW YORK, March 13.—Aerial passenger service between New York and Los Angeles will be started early in August, according to an announcement at the aeronautical exposition here tonight by Wesley A. Hill of Phoenix, Ariz., a former army aviator and head of a recently organized aerial transportation company. The company Mr. Hill said has a fleet of four twelve passenger planes, all of which will start on the inaugural trip on the same date. Stops are to be made at Kansas City, Chicago, Cleveland and other cities, which have landing fields. The schedule calls for a four day trip.

MUST PAY TAX ON DOLLAR YEAR SALARY

WASHINGTON, March 13.—During the war the government accepted the services of nearly 1,000 men and paid them the nominal compensation of one dollar a year. Today the dollar became a tax issue thru a ruling by the internal revenue bureau that not only must the dollar be reported but that it is taxable if the total income from all sources is in excess of the usual exemption. Most of the dollar a year men had private sources of income of \$6,000 and in these cases the normal tax on the dollar will be twelve cents or nearly two months pay at the government rate.

HAYES ESTABLISHES LISTENING POSTS

CHICAGO, March 13.—Will H. Hayes, chairman of the Republican national committee is here today to establish a "listening post" with the purpose of getting a line on the political sentiment of the nation. Conferences of the party leaders will be held daily for the next few days and before his departure he will select a man to take charge of the Chicago headquarters.

BOWLING CONGRESS

Toledo, O., March 13.—Bowling from Grand Rapids, Chicago, Cincinnati, Ligonier, Ind., St. Louis and Toledo today were unable to reach the top in either the two men or individual events in the American Bowling Congress tournament now being held here.

HOLSTEINS BRING HIGH PRICES

Fond Du Lac, Wis., March 13.—A new record was set today at the State Holstein sales when ninety animals brought \$48,425, an average of \$538 per head or \$158 above the average at last year's State sale at Milwaukee.

Choose Walther M. A. Schuecking Delegates To Peace Conference

WEIMAR, Wednesday March 12.—By The Assd. Press.—The German delegates to the peace conference will be Count von Brockdorff-Rantzau, the foreign minister; Dr. Edward David, secretary of state and first president of the national assembly; Dr. Adolf Warburg; Dr. Adolf Muller, minister to Switzerland; Professor Walther M. A. Schuecking of Marburg university and Herr Geisberg, minister of posts and telegraph in the Prussian ministry.

Count von Brockdorff-Rantzau is a graduate of the German diplomatic and has been foreign minister since the resignation of Dr. Solf. Dr. David is a member of the German ministry without portfolio. The identity of Dr. Warburg is uncertainly.

Dr. Muller formerly was director of the Electric Accumulator Works at Berlin and in July, 1915 received an honorary degree from the University of Hanover for this work in developing the efficiency of German submarines.

Prof. Schuecking late in 1914 published a letter blaming Russia for the European war. Herr Geisberg is a new comer in the German government.

FORM ORGANIZATION TO OPPOSE LEAGUE

(By The Associated Press.)

WASHINGTON, March 13.—Preliminary plans for the formation of a national non-partisan organization designed to keep the American people better informed as to events at the peace conference and to oppose acceptance of the constitution of the league of nations as now drawn were made at a conference today between Senators Reed of Missouri, Democrat and Borah of Idaho and Pain, Democrat of Washington, Republican and George Wharton Pepper a lawyer of Philadelphia.

It was announced that Henry Watterson of the Louisville Courier-Journal will be directing supervisor.

It was said that many senators who have been opposed to the league constitution would support the organization. Senator Reed announced that a statement outlining the purposes of the organization would be issued within a few days. One purpose, it was explained would be the co-ordination of local bodies that have been formed in opposition to the league. Present plans call for a speaker's bureau and an intensive campaign of publicity. Senators said the organization would be supported by voluntary contributions.

OPERATING EXPENSES OF ROADS DECREASE

WASHINGTON, March 13.—Altho operating expenses of the principal railroads showed a decrease in January, gross and net operating revenues continued to decline the net revenue after deduction of taxes falling about \$54,000,000 from the government's monthly rental obligation of approximately \$150,000,000. A summary of revenues and expenses for 181 roads with annual revenue in excess of \$1,000,000 made public by the interstate commerce commission showed gross operating revenues in January declined more than \$43,000,000 or about 10.5 per cent from the December figure of \$440,106,155. Net operating revenue fell off \$8,744,882, or 5.1 per cent, from the December total of \$174,065,603, while operating expenses were \$330,458,815, a decrease of \$34,568,747.

Deduction of taxes and uncollectable revenues from net operating revenues for January leaves an actual operating income of \$29,926,000, a decrease of \$10,000,000 from December.

Compared with the same month the year before, gross operating revenue for January increased \$111,427,000 or about 38 per cent, net operating revenues \$22,481,970 or 160 per cent and operating expenses \$88,944,000 or 32 per cent.

ENRICO CARUSO PAYS LARGE INCOME TAX

NEW YORK, March 13.—Enrico Caruso, the tenor, will pay an income tax of \$153,933.70 for 1918, it was revealed at the collector's office in the second New York district today. Caruso visited the office in person late yesterday and taking advantage of the installment payment system, presented a check for \$38,482.42 one fourth of the total amount. Permission to print the amount was given by Caruso as the law does not permit the tax collector's office to voluntarily give out the information. Clerks in the office of the collector in the second district estimated that \$7,000,000 was received in income taxes yesterday.

SOLDIERS SEEK OFFICE POSITIONS

Washington, March 13.—The greater number of returning wounded soldiers offered the opportunity of taking educational work under the federal board for vocational education have shown a preference for courses fitting them for office work and educational careers. Those wishing to study agriculture rank second numerically.

Early Settlement Of Harbor Strike Believed Near

(By The Associated Press.)

WASHINGTON, March 13.—On the basis of information reaching them today officials of the labor and navy departments believed an early settlement of the strike of boat workers employed by private concerns at New York was in sight.

Official advice to the navy department said the New York Tow Boat Exchange had guaranteed to deliver all coal required by the Brooklyn Rapid Transit company and thus prevent a tieup of transportation facilities. Officials interpreted this as meaning that the exchange had agreed to meet the demands of their employees.

Department of labor officials were advised that some of the private boat owners were willing to accept proposals of their employees.

Two steps taken by the war and navy department were expected to hasten the end of the strike. One was the refusal to permit army and navy floating property at New York to be used to move coal from Manhattan and Brooklyn. The war department held that such use of its craft would be in violation of the agreement with its employees, while the navy department was advised by legal officials that such action would be illegal.

Decision of the two departments to give employees on their harbor craft at New York the same wages and living conditions as provided by the railroad administration for its workers also was expected to help bring the strike to an end.

APPROVE BILLS AFFECTING CHICAGO

(By The Associated Press.)

CHICAGO, March 13.—The city council today voted approval of legislative bills which if passed by the Illinois general assembly and approved by referendum as provided would bring about the following changes:

Abolishment of the party circle in favor of non-partisan elections with a preferential primary in which a candidate received a majority vote would be declared elected without entering the city election.

Recall of the mayor would be made possible with 25 per cent of the qualified voters as petitioners necessary to call the referendum.

Recall of aldermen upon same conditions governing recall of the mayor.

Election of aldermen for four years at an annual salary of \$5,000, one for each of the fifty wards instead of two aldermen for two years from each of 35 wards as at present.

Appointment of the city clerk and city treasurer by the council.

DANGEROUS GERMAN TAKEN INTO CUSTODY

(By The Associated Press.)

NEW YORK, March 13.—Seven Germans regarded as dangerous propagandists, left here today in custody of federal officers for Fort Oglethorpe, Ga., where they will be interned. Among them was Baron Paul V. Zglinitzki, a New York broker and son of a German general, who was arrested yesterday after being under suspicion for a year. It was reported he had made attempts to smuggle munitions into Mexico.

The other prisoners included Herman C. A. Zeebohm of Brooklyn, former secretary of the Bayreuth Chemical company; Arthur Meyrowitz, an employee of the North German Lloyd Steamship company; Dr. Ferdinand Pinz, said to have distributed Austrian propaganda and Adolf Henry Ney of Scarsdale, N. Y., a chemist.

REAR-ADMIRAL USHER RETIRES FROM SERVICE

NEW YORK, March 13.—Rear-Admiral Nathaniel R. Usher, retires from active service April 7, reaching the statutory age limit of 64 years on that date. He said today that he plans to return to his home in Potsdam, N. Y.

Admiral Usher is a native of Indiana and was appointed to Annapolis from that state. He has completed nearly 48 years of active service having commanded at one time the Battle Cruiser St. Louis and the Battleship Michigan, the latter vessel winning the first battle efficiency tests under his command. During the Spanish-American war Admiral Usher commanded the torpedo boat Ericsson, which was one of the first vessels to blockade duty. The Ericsson also participated in the battle of Santiago.

ON BOARD U. S. S. GEORGE WASHINGTON, March 13.—(By Wireless to the A. P.)—Today, the last of his voyage from the United States to Brest President Wilson put in several hours mapping out plans for his peace conference work. The president received a wireless despatch outlining the situation with regard to the negotiations which are to come up soon after his arrival. The voyage has been of great benefit to President Wilson who thruout has obeyed the injunctions of Rear-Admiral Grayson, his personal physician to rest. The president has entirely recovered from the old cold from which he had been suffering and also the fatigue consequent on his hurried trip to Washington.

SPARTACANS AND CIVIL TROOPS IN LIVELY FIGHTING

Bestial Acts of Cruelty By Reds Fully Confirmed

(By The Associated Press.)

COPENHAGEN, March 13.—German government forces after lively fighting have succeeded in driving the Spartacans out of the east end section of Berlin, including Lichtenberg, according to a Berlin dispatch filed Wednesday.

The occupation of the district, the message states was systematically carried out by the government troops. Considerable quantities of arms were captured, the losses on the government side are declared not to have been heavy.

The bestial acts of cruelty by the Spartacans have been fully confirmed.

Abandon Positions, March 12.—Spartan forces, under pressure from government troops using artillery and mine throwers were abandoning their positions in Lichtenberg this morning. The government forces took a large number of prisoners, many of whom were executed summarily.

The government troops entered Lichtenberg after bombarding heavily the main Spartan nests. The Spartacans fled, leaving behind them their weapons and ammunition. The suburb is surrounded by government troops and the only chance the Spartacans have of escape is by discarding their weapons and concealing their identity by mingling with the peaceable inhabitants.

One group of thirty prisoners captured included ten women.

Torture and Murder.—With their hands handcuffed behind them the men and women were taken thru the Under den Linden to the Moabit prison. In one Spartan nest it is reported 20 Poets were captured. Government soldiers report further details of the torture and murder of government soldiers and policemen by the Spartacans.

The government has issued a notice that the seven depots of the Republican soldiers guards have been abolished and that any former member of these depots caught with weapons will be executed. The government is preparing to clean up all Spartan districts thoroughly. Large quantities of arms and ammunition is being discovered.

The Lichtenberg soldiers and workmen's council, which was composed wholly of independent socialists and Spartacans, has been dissolved.

INFANT MORTALITY RATE IN U. S.

NEW YORK, March 13.—New York City's infant mortality rate for 1918 with only 91.7 deaths to a thousand births was the lowest of the ten largest cities in the country according to a statement tonight by Dr. Royal S. Copeland, city health commissioner. This record was declared to be the second lowest ever recorded for the city.

With the exception of Detroit and Cleveland, the infant mortality rate for 1918 was greater in all the ten largest cities of the country than in 1917," said Dr. Copeland.

The following table of infant mortality rates for 1918 was submitted:

New York 91.7
St. Louis 94.4
Cleveland 97.4
Detroit 109.7
Boston 114.8
Buffalo 121.5
Pittsburgh 123.9
Philadelphia 131.3
Baltimore 147.7

ITALIAN WOMAN FOUND BADLY SHOT

CHICAGO, March 13.—Mrs. Zene Finia was in a hospital today with a bullet wound in her left shoulder, another in her right arm and a long furrow in her scalp from a bullet, she was found unconscious in her quarters in the North Side Italian district last night shortly after the policeman on the corner heard four shots and saw two men running from her home.

Mrs. Finia said when she returned from work last night and sat at supper with her two children two men suddenly opened the door and began firing at her. To other questions of the police she smiled and shook her head. Last November Finia was shot, his wife's uncle meeting a similar fate shortly before. Since her husband's death Mrs. Finia had worked.

"Useless to question them," Detective Blau said. "They never tell—it's the code. Probably the fanatics will wipe out the Finia family."

ORDERED TO OBTAIN SPECIE OF MOSQUITOS

Washington, March 13.—Medical officers at all army camps thruout the country have been ordered by Surgeon General Ireland to obtain one or more specimens of every specie of mosquito found in the vicinity of their camps. The mosquitoes will be classified and placed in the army medical museum.

Seek Appeal from Labor Board Recommendation

(By The Associated Press.)

WASHINGTON, March 13.—Arguments in the appeal from the recommendation of the national war labor board that women conductors Cleveland, Ohio, be discharged to satisfy the demands of striking male employees were heard today. A decision is expected within two weeks.

Dr. Anna Howard Shaw, honorary president of the National American Woman Suffrage association, Frank P. Walsh, former joint chairman of the board and Miss Mary Van Kleef, director of the Women in Industry Service of the labor department, appeared in behalf of the discharged women workers. James H. Vahey, attorney for the International Amalgamated Association of Street and Electric Railway Employees, opposed the appeal.

Dr. Shaw declared that during the war women had responded nobly to the nation's call for workers but that now that the acute need for workers had passed there was a tendency to "get rid" of them.

"Men employees demand it," said Dr. Shaw, "and because they are organized they have the power to enforce their demands. The worst of it is that many of the men were never in the military service but left to enter 'safe' employment."

Dr. Shaw insisted that the basic right of women to do any kind of work they were capable of performing should be established.

Mr. Walsh said the board should declare that women were legally entitled to the same rights in industry as men. The women conductors of Cleveland were unjustly discharged, he said, and should be reinstated.

CONFERENCE HEARS GREEK DELEGATES

PARIS, March 13.—The French Wireless Service.—The peace conference committee on Greek affairs yesterday heard representatives of Thrace tell the committee of a preponderating Greek position in agriculture and industry in Thrace. The Greek and Armenian patriarchs at Constantinople have sent a petition to Premier Venizelos to be presented to the peace conference. Demand is made that the Greeks and Armenians no longer be compelled to live under a Turkish government and it is declared that Greeks and Armenians will not submit to such government. The petition asked that Greeks be allowed to live in Armenian territory and Armenians in Greek territory in case they cannot be included in the limits of their own countries. The Armenians ask for the formation of a great Armenia with access to the Black Sea and Mediterranean and say they would like to see Thrace, Constantinople, the Vilayets of Smyrna and Broussa and the Sanjaks of Comedia and Biglia incorporated in Greece.

ERIE R. R. OBTAINS FINANCIAL AID

(By The Associated Press.)

NEW YORK, March 13.—The Erie Railroad has arranged for financial aid from the war finance corporation in refunding \$15,000,000 of two year five per cent notes maturing April 1, it was announced today.

The company has authorized for the purpose new three year six per cent notes which will be offered at 98 and interest to holders of the old or at yield of about 6 1/2 per cent. The war finance corporation will loan the road funds to pay off in cash maturing notes not thus exchanged, taking at 98 the balance of the new notes. The new issue will be secured by the collateral behind the old issue and additional securities valued in all at 125 per cent of the new issue.

The financing is of the kind that would be presumably been taken care of by the railroad administration revolving fund had congress authorized the measure.

ENEMY MUST DELIVER ALL PLANES TO ALLIES

PARIS, Wednesday March 12.—(Havas)—Germany must deliver all airplanes to the allies and must prohibit the construction of other airplanes until the conclusion of peace the supreme war council decided today in adopting the aerial terms to be imposed on Germany. The terms do not decide the future fate of the airplanes, which may either be destroyed or divided among the allies.

The British and American delegates brought up the question of a distinction between commercial, naval aviation and military aviation.

RAILWAY DETECTIVES INCREASED

Washington, March 13.—Wage increases for approximately 7,000 patrolmen and 1,000 lieutenants and sergeants comprising the railroad police force were announced tonight by Director-General Hines. The increases are retroactive to last January 1, and were said to be in keeping with advances given other railroad employees.

STRIKE IN BARCELONA

Madrid, Wednesday March 12.—The street car employees at Barcelona went on strike this morning and the minister of the interior has announced that the men were at once mobilized under government control.

WILSON LANDS AT BREST ON RETURN TRIP TO PARIS

Will Arrive At French Capital 11 A. M. Today

BREST, March 13.—By The Associated Press.—The Steamer George Washington with President Wilson on board entered the harbor of Brest at 7:45 o'clock this evening.

The steamer anchored shortly after 8 o'clock and President and Mrs. Wilson boarded a tug to go ashore at 8:20 o'clock.

President Wilson and party left Brest for Paris at 11 o'clock tonight. The President and Mrs. Wilson disembarked from the George Washington at 9:45 o'clock.

The numerous decorations had been hung out to welcome the return of the president, his reception was entirely without ceremony. Those who went aboard the George Washington to extend their greetings were the French ambassador to the United States and Madame Jusserand, M. Leygues, minister of marine and several other representatives of the French government. Major General Eli A. Helmick and Brig. Gen. William W. Harris. Colonel House met the president at the dock.

President Wilson was in excellent health, apparently having benefited by his period of rest since he left here on February 15. The presidential party came ashore on an American tug and while on board Mrs. Wilson was presented with a bouquet by M. Loygues. There was a little flurry of mist during the trip from the steamer but this lasted only a short time.

Will Arrive in Paris 11 A. M.

PARIS, March 13.—(By The A. P.)—A telegram was received here tonight from Col. E. M. House, who is with the presidential party, which said that the party expects to arrive at the Invalides Station in Paris at 11:00 o'clock tomorrow morning.

Immense crowds of American soldiers stationed at Brest endeavored to get a view of the president eagerly, and he raised his hat as he observed their enthusiasm. Mrs. Wilson followed the president smiling graciously as she proceeded along the walk between the quay and the train.

The president inspected the French guard of honor, consisting of several companies of French marines dressed in their picturesque uniforms. The president smiled at the men and then complimented their commander. This was the last of the meagre ceremonial before the President entrained for Paris.

A Northwestern University professor attended a prayer meeting at Evanston the other night and had his automobile stolen some time during the service. Ministers say that the members of the churches here take no chances of this kind. They stay at home.

Talking about the Monroe Doctrine and the fear of "foreign entanglements," the inhabitants of the German islet of Gottschee have petitioned the American commission studying the Austria-Hungarian problems for authority to form a neutral republic under the protection of the American people. Certainly the tasks are many that America might easily assume overseas.

Minnesota people are soon to vote on the question of providing an income tax for state purposes, somewhat along the lines of the federal law. Just what the people of the northern state will do is a question, but if such a law were submitted here the verdict could be given in advance. People hereabout are not in the habit of knowingly voting taxes on themselves.

Some radicals are seemingly getting into control down in Mexico, as legislation now suggested proposes a regulation of the oil industry which would

practically destroy the rights of Europe and American owners. This report, together with the one that large supplies of ammunition have recently been shipped to Mexico with the permission of the U. S. doesn't have the sound of a peaceful settlement of various annoying questions in connection with Mexico.

BURLISON'S PROSPERITY.

Postmaster General Burlison is not popular with Illinois newspaper publishers. President Preston of the Illinois Press Association in the recent meeting in Springfield declared that Mr. Burlison belonged on his cat's ranch in Texas instead of holding a cabinet job in Washington. Mr. Burlison is charged with rulings which in the past two years have put nearly 300 Illinois newspapers out of business.

SAME VIEW OF LEAGUE PLANS.

Senator Reed of Missouri is violently opposed to the league of nations plans and Senator Spencer in the same state sees the need of embodying recognition of the Monroe Doctrine. While there is not general approval of the virulent attacks made by some public men on the plan, there is a growing belief that amendments urged by a number of the same leaders are vital to America's future welfare.

WOULD LESSEN POLITICS IN MUNICIPAL AFFAIRS.

A bill is before the Illinois legislature which would provide for non-partisan selection of aldermen and mayor in Chicago and the city council there recently went on record in favor of this measure. It is also proposed to make the office of city clerk and treasurer appointive instead of elective. There is a growing tendency to take municipal affairs out of politics, even in the larger cities. Certainly the millennial days will come when politics is tabooed in Chicago—that city where hundreds of thousands make a business out of politics.

HAS LOST OLD TIME PRESTIGE.

Colonel Watterson is the president of the organization purposing to make a country wide campaign against the league of nations. Colonel Watterson's name doesn't carry as much weight as was true a few years ago. He is recognized as the dean of American editors, a man of great ability and versatility, but he is getting old. His position is indicated by his title, "editor emeritus" of the Louisville Courier-Journal, and the public will remember that he has rabidly opposed woman's suffrage, temperance legislation and other movements which have continued to grow notwithstanding his opposition. Then Colonel Watterson's known antipathy for President Wilson seems to color most of his political utterances and acts these days.

KEEP TOGETHER.

Representative Longworth's attitude on the plan of the "committee of committees" for the Republican organization of the next congress indicates that the troubles between the "old guard" and the "Progressives" in the Republican party are not ended. Mr. Longworth believes that the rules adopted will result in the old order of things against which the Progressives made such a fight a

few years ago and accomplish certain reforms.

The general public doesn't have a very definite understanding about the inside politics of house and senate organization, but the public does not want any differences which are going to result in disorganization of the party or a split on national policies. The times call for a united Republican front and that will mean success in the next national election.

THE BRITISH NAVY.

The U. S. entered the war when England and France were nearly exhausted and turned the tide in a way that brought victory. But while Americans are justly congratulating themselves on the brave part taken in the conflict, it is well once in a while to note the records which prove the conspicuous part that the allies played. Had it not been for the British navy it would not have been possible to transport the American soldiers across the seas in sufficient numbers to at least bring about the victory in such short time. The British navy report presents remarkable figures which show that between the period of October 1914 and March 1917, that navy transported more than 25,500,000 soldiers connected with the conduct of the war. This was in addition to moving millions of animals and still greater millions of tons of military equipment and rations.

Rippling Rhymes
By Walt Mason

Hard Lines.

The day is damp, the winds are bleak, my heart is sad, my hinges bleak, my heart is sad, my hinges bleak, I find it pretty hard to be a cheer-up sunshine band, and twing a joyous harp. I'd like to sing in waiting tones, of winding sheets and dead men's bones. I faint would chant a dirge, to tap a reservoir of tears and sing of vain and aching years. I feel a mighty urge. But if I wrote that kind of whine, some day when I am feeling fine, I'd run across the poem, and then I'd cry, "My aunt! My hat! Did I produce such slush as that? What bugs were in my dome?" And I would blush to beat the band, for healthy men can't understand the drooling of the sick; and when one reads a tearwet ode he feels like mopping up the road with some fat rhyming hick. I'd hate to read my deathless lines and find them full of maudlin whines and sobs and signs and moans; and so, no odds how tough I feel I'll try to spring a joyous spiel, or break some collarbones. The day is dark, the winds are bleak, but there'll be brighter days next week the world will smile again; the sun will push the clouds away and put up forty kinds of hay, and cheer the souls of men.

FUNERALS

Long.

The funeral of Milton Long was conducted at his late residence yesterday afternoon, in the presence of a sympathetic gathering and a goodly number of comrades of the Grand Army. Music was in charge of Thomas H. Rapp, W. W. Gilham, Mrs. W. D. Hill and Miss Cora Graham, the selections being "One Sweetly Solemn Thought," "Sweet Bye and Bye," and "Rock of Ages," all of which were beautifully rendered. Rev. M. L. Pontius in his usual eloquent manner read from the scriptures suitable selections from the old and the new testament, remarking that although in olden days the people knew less of God than in the present, still it was to Him they went for comfort, as was evidenced by the prophet who wrote in such glowing terms, "Comfort ye my people." He then turned to the writings of Paul, and read of the words of that faithful disciple who said of the Master, "Who being in the form of God, thought it not robbery to be equal with God, but made Himself of no effect, etc."

After reading a brief biography of the deceased Mr. Pontius said in brief: "I speak from the words 'Let this mind be in you which was in Christ.' The apostle exalts the name of Christ above all other beings. Mankind needs a pattern and an example to follow, and the Savior is our perfect model. Life is of no use unless we have a noble aim and within the home always Christ should be the one ruling power. I knew Mr. Long before he was sick and he was a faithful man loyal to duty and to principle, and in fact, he was a good citizen, honorable and honest in his dealings with men. Then we rise to a higher level for when the country's life was in danger he volunteered and served as a true soldier in the army. And now again we rise to a still higher level, when we say that he was a humble follower of the Redeemer. So that he stood four square before the world."

"In all our lives we are taught to be meek and forgiving, but at the same time the day comes when we should raise the gun, unsheath the sword and strike for liberty, because the Bible bids us be true to our government. Mr. Long had in him the mind of Christ when he served his country, when he served his family and when he served his Master. Of course no life is perfect. We all have our failings and our imperfections, but when we strive to do our best then are we accepted of him who said, 'I am the resurrection and the life. He that believeth in me tho he were dead yet shall he live, and he that believeth in me shall never die.' Let us strive to live that we will have in us the same mind as was in Christ."

At the close of the services the members of the Grand Army gathered about the casket and the beautiful and impressive ritual of the order was carried out, after which the remains were borne to Diamond Grove cemetery by Fred Strandburg, T. A. Ebrey, William Handback, Edward Caldwell, William Evans, John Paschall and Al Thompson.

Mrs. Walter Hollischer and Mrs. Harry Tobin were in charge of the flowers.

South Side Circle Met With Mrs. C. F. Ehrle.

Members of the South Side Circle were guests of Mrs. C. F. Ehrle at luncheon Friday. The luncheon perfect in its appointment was served at 1 o'clock and was followed by a program and business session.

Following the luncheon Mrs. Ehrle introduced Mrs. E. C. Carpenter as toastmistress and the following responded to toasts. Mrs. Ollie Parker whose subject was "On This Occasion." Mrs. G. E. Baxter who was a member of the club some years ago was a guest of the circle and responded to the sentiment, "Our Guest." Mrs. T. H. Buckthorpe told of her visit to Chicago to the conference of women on reconstruction work. Her talk proved of great interest. The company then adjourned to the drawing room where Miss Janette Powell gave a reading which so pleased that she was compelled to respond to an encore. Miss Grace Gilham gave two piano numbers.

The Gilham home was tastefully decorated for the occasion with spring flowers and potted plants. The color scheme in the dining room was yellow daisies and yellow candles being used.

Old Resident Dies

Stephen Hamilton passed away Friday morning at his late home in the country near Winchester. He had been in poor health for several years, and leaves a wife and one daughter, Mrs. N. T. Gray, living near Winchester. The deceased, who was seventy-five years of age, had been a long time resident of the county and had followed the occupation of farming.

The funeral will be conducted Sunday afternoon at 2 o'clock at the Christian church.

Miscellaneous Shower

Mrs. John Dahman and daughter, Miss Vera, entertained a number of young ladies at their country home Friday afternoon from 2 to 4:30 o'clock. The occasion was in honor of Mrs. Elmer Christison, recently married, and was in the nature of a miscellaneous shower. The guest of honor received a number of handsome gifts and the occasion was a pleasant one for all. Excellent refreshments were served. The cutting of the bride's cake afforded much amusement, the ring being found by Miss Martha Glossup, the dangle by Cecil Hornbeck, the needle by Ola Christison.

A special meeting of Winchester Masonic lodge No. 105 was held Thursday night when they conferred the Master Masonic degree on Charles and Bert Coultas. After the work adjournment was taken to the McLaughlin cafe for supper.

A RECONSTRUCTION PROBLEM.

Women in eastern cities are demanding that they should retain the jobs they took in the war time. There is some reason in the objections they are making to being relieved of their duties now that men are available. In some cases the women have adapted themselves so well to the new conditions that they have given better service than men workers, and in other instances employers will welcome a change back to the old conditions. Anyhow, the problem is one of reconstruction which everybody knew must come.

IT'S IN THE SOUTH.

Camp Joseph E. Johnston, where men were trained for the quartermasters corps, is to be made into a permanent camp. Of course it is unnecessary to mention that this camp is in the

south. The city of Jacksonville, Fla., is willing to deed the 700 acres of land to the government to help make the cantonment a permanent one. The heavy sprinkling of training camps thru the south during the war period gave to some localities hitherto almost unknown a marvelous prosperity. It pays to have friends in Washington.

THE PENALTY FOR SILENCE.

A Chicago woman has been granted a divorce because her husband was so silent. She said that during the last year of his married life that he never spoke to her at all, and only occasionally deigned to write her a few words. In all their years it never took him more than 10 or 15 minutes out of any day to finish all the conversation that he had to offer. No man was ever granted a divorce on like grounds.

MARKS A NEW DAY.

The bill pending before the legislature authorizing the transfer of state land here to the city of Jacksonville for water supply purposes has passed both the house and senate and will soon become a law. The bill is brief and specific and does not show on its face how much it means to Jacksonville. Incidentally it is of interest to remember that the joint committee on water supply brought this matter to the attention of the state authorities and Mayor Rodgers has made many a visit to Springfield to help smooth the way for the passage of this measure. The provisions of the bill are really basic in Jacksonville's splendid water supply project.

THE MONEY WILL COME.

The date for the next Liberty loan drive, April 21 to May 10, has been definitely announced by the secretary of the treasury. However, the terms of the loan have not been made known and will not be public until the sales campaign is near at hand. The best promise for the success of this loan is the record of the past. Up to date the U. S. has more than met every obligation and certainly will not now fail in providing for debts that the war preparation made. There were vast and prodigious expenditures of money much of which was useless in view of the end of the war, but who knew? In thinking about the seeming extravagance it is worth remembering how much better it is to have wasted money than to have spent human lives.

MAY LESSEN CRITICISM.

The organization of a board to consider the interests of livestock men and packing companies has come no doubt because the packers have recognized an insistent public demand for something of this kind. Justly or unjustly, the packers have been accused of following various practices which were not fair to the livestock interests or to the public. There has been much talk of government control of the packing industry and the formation of the new board likely represents a new effort on the part of the government to prevent the government's interference with their business in a way which they would not approve. The board just formed provides

for government representation within its membership. Although all of the details of organization have not been outlined in a public way, the indications are that this board will go a long way toward settling amicably many of the differences about which complaints have been so often made.

DOESN'T APPLY TO FARM LANDS HERE.

A government pamphlet comments upon the fact that real estate has not shown the increase in value since 1913 that has been true of commodities. Census figures show that commodity increases during the period have run to high figures, while in most instances the values of real estate have remained nearly stationary. The census figures no doubt apply to the main to city real estate, for undoubtedly there has been a decided increase in the value of farm land. At any rate, this is very true in the corn belt, where an advance of from 20 to 30 percent has been made in the best lands.

There are other kinds of farm lands in this country. Some of them were worthless, others nearly so in 1913. They are that way today and will be in the same condition ten years from now.

CHICAGO IS THE PLACE.

St. Paul Republicans are seeking to impress the national committee with the desirability of holding the next national convention in that city. The cordiality of the St. Paul men is appreciated but it's a safe guess that the majority of party men in the states hereabout will prefer Chicago as the meeting place. It has sometimes taxed even the great facilities there to take care of a national convention and one of the old time convention crowds would be too much for St. Paul. Then this next convention is going to be a great gathering for the party program is not made up, and the party has no dictator who will outline just what is to be done. It adds materially to the interest and enthusiasm of a great convention when it is "anybody's" fight.

RUSSIA

I had hoped the Russian masses would get down to tasks in time; season after season passes, and the country's still a crime; day by day the same old story, till the narrative's grown hoary—how the butchers crazed and gory waded knee deep in blood and slime. Doves of peace, we say, have risen now that we have squelched the Hun; since old Kaiser Bill got his'n we believe the trouble's done; but in Russia blood is flowing, there the scythe of death is mowing; never was so grim a showing underneath a winter sun. We can only hope that later Russia may be safe and sane, when the demagogue and traitor have been rounded up and slain; when the people get the notion that there's nothing in commotion and prescribe a deadly potion for old Trotsky and his train. Blood is dripping in a drizzle all about that lad of woe; and our snow white dove's a fizzle while this sort of thing is so; steps of some kind should be taken to relieve that land forsaken; how to save the Russian bacon? I'll be jiggered if I know.

BLUFFS RESIDENT DIED
PASSAVANT HOSPITAL

Curtis Unger Passed Away Thurs-
day Afternoon—Naples Resi-
dent Dead.

Bluffs, March 13.—Curtis Unger
a well known farmer residing
three and one half miles west of
this city died at Passavant hospi-
tal Jacksonville at 3 o'clock
Thursday afternoon. He had been
ill for the past six weeks but was
only taken to the hospital last
Tuesday.

Deceased was born in Minerva,
Ohio, November 3, 1842 and was
at the time of death 76 years, 4
months and 4 days old. He en-
listed in an Ohio regiment and
served nearly four years in the
civil war.

Following the close of the war
in 1867 he came to Illinois to re-
side and since 1868 his residence
has been in the vicinity of this
place where he followed the oc-
cupation of farming and was ac-
counted successful in his work.

He was united in marriage De-
cember 28, 1868 to Miss Margaret
Oakes who survives together with
one daughter Miss Lena Unger of
Chicago. One son preceded him
in death 12 years ago.

Early in life Mr. Unger was a
member of the Masonic lodge at
Naples and when that lodge went
out of existence he never trans-
ferred or renewed his membership
in the order.

The remains were taken to the
undertaking parlors of Williamson
& Cody and prepared for burial.
They will be brought to his home
near here but no arrangements
have been made for the funeral.

Williams.

Williams died at his home in
Naples west of this city Thursday
morning aged 50 years. He had
been sick for the past two years.
His widow and ten children sur-
vive, the youngest four years of
age. Funeral arrangements have
not been made.

Incubators

The Incubator shown here is the "SIMPLICITY." It will
hatch more eggs, of the same fertility, than any other incu-
bator made. There is a reason. It is more like a hen. When
she sits on the nest the eggs are open to the air. You take
the top off this and it lets all bad air out. It is fine. See cut.
I will hatch them and brood them. I also have the "GEM"
which is a good machine.

PARIS PAPERS COMMENT ON WILSON'S RETURN

PARIS, March 14.—French Wireless Service.—In commenting on the return of President Wilson to Paris the Matin says: "The alliance with the United States is necessary to the peace of the world and to the existence of France. It means forever a precious help against possible aggressions. France looks upon Mr. Wilson as the powerful friend who splendidly helped her to win and will now stand by her when she is to make her legitimate demands heard."

The Petit Parisien says:

"The decisive days are near at hand for the peace conference. The president of the United States will join in the supreme debates. He will exercise his personal influence on behalf of the whole of humanity. He returns from the new world after fighting his opponents and the skeptics with new prestige arising from his splendid speech at the Metropolitan Opera House."

"Mr. Wilson," says L'Homme Libre, "will bring to the peace conference an accurate idea of the real wishes of his country and of the political necessities which in the present condition of the American political situation must be conciliated with the pursuit of the ideal of international co-operation. The conference has progressed greatly. A few sittings will not doubt be sufficient for the realization of unanimous accord between the heads of the great democracies with regard to the principal questions, territorial, arms and military, naval, aerial, economic, financial and social conditions."

REPORTS ON WELFARE WORK EXPENDITURES

NEW YORK, March 14.—Secretaries Baker and Daniels united in a statement made public here tonight by John R. Mott, director general of the United War Work Campaign approving the expenditure of \$205,138,381 in after-the-war welfare work among the fighters of the American and allied nations.

Regarding the budgets which will finance the activities of the seven organizations represented in last year's campaign the secretaries declared that reports from overseas confirmed the necessity of maintaining, and in some of its aspects augmenting this work. Before sailing for his sixth trip to the war zone, Dr. Mott made public the budgets of the seven welfare work agencies, following their approval by official Washington as follows:

Y. M. C. A.	\$119,342,042
Y. W. C. A.	18,677,100
National Catholic	
War Council	36,155,875
Jew. Welfare Board	4,203,910
War Camp Community Service	18,171,154
American Library	
Association	4,517,800
Salvation Army	4,210,509

FOUR MILLION WILL FILE TAX RETURNS

WASHINGTON, March 14.—About four million persons and business concerns are expected to file income or profits tax returns before tomorrow night, and to pay the first 25 per cent installment of tax which probably will aggregate between \$8,000,000,000 and \$10,000,000,000.

This tremendous inflow of money to tax collectors will be counterbalanced by an outflow of about \$800,000,000 to redeem certificates of indebtedness issued last November in anticipation of the taxation collectors tomorrow. A large majority of business concerns and persons with complicated sources of income will file tentative estimates. They will be required to pay one fourth of the estimated tax and will have a month and a half in which to prepare their final return.

Many tax collectors, finding their offices swamped today with applicants for special advice or information, urged the filing of tentative returns and the working out of accurate reports later.

Penalties are provided for failure to file returns with collectors by tomorrow night but it was stated today that leniency would be shown in the cases of those whose returns arrive a day or so late. Returns mailed before tomorrow night will be accepted.

SUBMITS REPORT ON RECENT KIDNAPING

DOUGLAS, Ariz., March 4.—Robert N. French, county attorney, announced tonight that he had submitted to Governor Thomas E. Campbell a report of his investigation of alleged kidnapping from Douglas and subsequent execution by hanging in Dec. 6 last, of Adolfo Leyva, an American citizen, together with Dr. Enrique de Huerta, a Spaniard, and Tranquillo Silva a Mexican. The men were accused of the murder of a Mexican custom collector and theft of a large sum of money belonging to the Mexican government. Friends of Leyva, Dr. Huerta and Silva allege that they were kidnaped from Douglas by collusion between members of the Douglas police force and officials of the Mexican government in Agua Prieta.

BASEL, March 14.—The German national assembly according to a despatch from Weimar today, unanimously adopted a resolution supporting the declaration of Philipp Schiedmann, the chancellor, protesting against the alleged active French propaganda in the occupied regions, seeking to separate the Rhine district from the German empire as a violation of the principle of nationalities.

PARIS, March 14.—At a meeting of the British empire peace delegation yesterday some aspects of the draft of the covenant of the league of nations were considered especially as it affects the future of British naval needs, according to Reuters Paris correspondent. A memorandum was submitted by the British admiralty hearing upon the effects of the covenant upon the navy and making various specific suggestions. It is understood that broadly the delegation agreed that in fixing future naval armaments the defensive.

ORGANIZE TO FIND WORK FOR SOLDIERS

WASHINGTON, March 14.—An emergency committee on employment for soldiers and sailors was organized here today by the council of national defense with the approval of the war and labor departments.

The purpose is to meet the situation created by the radical curtailment of the machinery of the federal employment service made necessary by the failure of congress to appropriate necessary funds for the current year.

Arthur Woods, special assistant to the secretary of war in charge of employment of discharged soldiers was appointed chairman of the emergency committee.

Wherever possible the committee will supplement the work of the remaining organization of the employment service which will retain offices only in 56 important industrial centers. Telegrams were sent today by the council of national defense to all governors and the mayors of principal cities and chairmen of the state councils of national defense asking their co-operation. A campaign for the stimulation of industry as a means of solving the unemployment problem will be conducted and employers will be urged to use the available bureaus for listing their needs.

Members of the committee believed that the work of finding employment for 100,000 persons a week can be continued.

DECLARES GERMANY ON VERGE OF STARVATION

LONDON, March 13.—Thursday.—If Germany does not get quite large food supplies during April, literal starvation will result, says a Reuter dispatch from Berlin. The government was forced to raise the bread ration weeks ago to its present status to keep the people even relatively quiet," the message reads: "With this ration grain supplies will be absolutely exhausted by May. Cultivation is backward and only half a harvest is expected this year. In the meanwhile the spectre of Bolshevism is taking on flesh and blood, as one can see when he passes through the east and suburbs, or talks with people who see behind the scenes or with Red Russian fugitives in Berlin."

PLANNED TO SHOOT CLEMENCEAU IN 1918

PARIS, March 14.—Emil Cote, in the account of Premier Clemenceau's life, concerned the plot to shoot the premier in 1918. The plot was organized by a group of men who were active in the German army and who were active in the German army and who were active in the German army.

Have You Examined Your Battery Recently

—to see if the liquid solution was up to the proper level? A storage battery should be inspected at least every two weeks this season of the year. Don't neglect doing this. It may save you a big repair bill later. Nearly all battery troubles are due to the owner's failure to observe this simple instruction. When properly cared for a good battery will serve long and faithfully. On the other hand, if neglected it will quickly depreciate and become a source of constant trouble and annoyance. Bring your battery—no matter what make—to the

After the "Flu" -Fever or Cold

Clean the Acidity and Toxic Poisons Out of the Digestive Tract

Millions are now suffering from the after effects of the deadly "flu," a fever or a cold. Their appetites are poor; they are weak, and they are waiting for their strength to come back.

If these people could only realize that the return to health and strength would be greatly helped by giving attention to the stomach—that is, removing the acidity and toxic poisons from the entire digestive tract, making it act naturally, so that the body will receive the full strength of the food eaten—a great deal of suffering would be saved to humanity.

Everyone knows that the disease itself, and the strong medicines that have been taken, upset the stomach, leave it hot and feverish, the mouth dry, the tongue coated, a nasty taste, and no desire to eat. This is a poor foundation to build new strength on.

Now, tens of thousands of people all over this country are using EATONIC for the purpose of cleaning these poisonous after-effects right out of the system and they are obtaining wonderful results—so wonderful that the amazingly quick benefits are hardly believable, just as shown in the remarkable letter which is published upon the request of this sturdy old Civil War veteran. He is 77 years old. Read what he says EATONIC did for him:

"I am an old soldier, past seventy-seven years. I had the Spanish influenza and it left my stomach in an awful shape. I tried

three different doctors but got no relief. As a last resort I sent and got a box of EATONIC and to my greatest surprise the very first tablet I took helped me. I can now eat anything I want, and feel fine."

Yours thankfully,
Fowler, Ind. C. S. Martin.
Dec. 4, 1918.

P. S.: If you can make any use of this letter for suffering humanity you are at liberty to do so.
C. S. M.

This is only one case out of thousands. You should make the EATONIC test in your own case at once. You have everything to gain—not a penny can you lose, for we take all the risk. Your own common sense, your own feelings, tell you that a good appetite, good digestion, a good stomach, with the fever poisons and effects of strong medicines out of your system, will put you on the road to strong, robust health again.

You want to enjoy life again after you have battled with the "flu," fever or colds, or any other illness that has taken your strength. You want to get back your old-time vigor, be full of pep and enthusiasm—be able to work with ease, instead of listlessly, half-heartedly dragging out a mere existence.

So be sure to take a box of EATONIC home with you today. We cannot urge this too strongly. If EATONIC fails to give you positive beneficial results, it will not cost you a penny. There is no risk—the benefit is surely all for you.

EATONIC

URGE SETTLEMENT OF STRIKE

Washington, March 13.—Director General Hines tonight called upon members of the Brotherhood of Railway Clerks employed by the Nashville, Chattanooga & St. Louis railroad who went on strike Tuesday demanding the discharge of the federal auditor of the railroad, to submit their grievances to the railroad administration's board of adjustment numbering three. Mr. Hines said the striking clerks had refused to take advantage of the machinery provided for such controversies. By failing to submit their case the director said the striking clerks would "discredit the efforts of the railroad administration, injure their own interests and seriously hamper the efforts of those who are sincerely trying to continue to protect and promote the reasonable interests of railroad employees."

RAILROADERS WALK OUT

Atlanta, March 13.—Ticket sellers, train callers, baggage men and other employees at the Union Station and railroad administration ticket offices here walked out today in sympathy with the strike of 1,200 clerks of the Nashville, Chattanooga and St. Louis railroad. Passenger traffic was thrown into confusion for several hours, but later was relieved somewhat by railroad officials who took over the work of the strikers. B. L. Winchell, regional director said that the walk-out today resulted from the refusal by the railroad administration of the request of the striking clerks that no tickets be sold, baggage checked or station gates opened for Nashville, Chattanooga and St. Louis trains.

AGED U. S. JUDGE DEAD.
Hot Springs, Ark., March 13.—John F. Phillips, former judge of the United States court for the western district of Missouri died today. He was 85 years old.

ENCOURAGE TENANTS TO IMPROVE FARMS.

Springfield, Ill.,—A Bill by Gen. John A. Wheeler, Springfield, intended to encourage Illinois tenant farmers to improve their land is pending in the committee on judiciary.

A tenant whenever he vacates land in tenantry shall be reimbursed by the landlord for the fair cash market value of all permanent building improvements, subject to the right of the landlord to "distrain" for rent and to all other rights of the landlord. In case there can not be an agreement as to the fair cash value, provision is made for arbitration. Governor Lowden in his biennial message pointed to what he said was a need for legislation of this nature to serve as a stimulus to tenant farmers to improve the land on which they work. Without such encouragement, the governor declared Illinois soil is destined to become less fertile, due to the natural inclination of the tenant to get what he can at once without reference to the future.

URGES EXTRA SESSION OF LEGISLATURE

SPRINGFIELD, Ill.,—Speaker David F. Shanahan of the house is urging Friday sessions to quickly clean up the work of the legislature. Bills are coming in very slowly, and Republican leaders are hopeful of an adjournment earlier than usual. Mr. Shanahan has favored roll call on Fridays to fix responsibility on those who go home after spending only two days and a half at the capital and calling it a week. The question has been discussed at meetings of the Republican leaders and there exist an air of expectancy on the issue.

Edward J. Smejkal, chairman of the house appropriations committee, is planning a series of hearings on claims of normal schools, state institutions, departments, etc., with the idea of clearing up the appropriations questions and getting the omnibus bill in shape for consideration at the earliest possible moment. He is hopeful that money matters can be adjusted a little sooner than usual because of the aid of the department budget is offering.

SPRING FEVER

Following Colds, Grippe, Thin, Watery or Poisoned Blood

(By Dr. Valentine Mott.)
At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Dr. Pierce's Pleasant Pellets. Davenport, Ia.—"Dr. Pierce's medicines have been giving my family the utmost satisfaction for the past fifteen years. I have taken 'Golden Medical Discovery' off and on, whenever in a run-down state or in need of a tonic, and one bottle each time restored me to a perfectly healthy condition.

"We think there are no medicines equal to Dr. Pierce's, for they never on failed us and we both take the greatest pleasure in recommending these remedies to our friends."—S. P. Plumb, 1655 Prairie St.

UNIVERSITY STUDENT SAVES GIRL'S LIFE

CHICAGO, March 13.—John R. Bassett, student at a branch of the University of Illinois, heard screams coming from an apartment house tonight and dropping his text books rushed inside. There he saw Miss Anna Sierre running about, a literally pillar of fire. Bassett, threw his overcoat about her and smothered the fire, saving her life, physicians said, but not before she had been severely burned. Bassett's overcoat was ruined and when he went to look for his books they were gone.

"I don't care for the coat," he told the police, "but I wish whoever found the books would return them. They're expensive text books and couldn't possibly benefit any person not engaged in studying the subjects."

SAIL FOR ROTTERDAM

Shanghai, March 13.—(By the A. P.)—The Steamers Nore, Navara and Atrous, with 933 men, 402 women and 406 children all enemy subjects sailed today for Rotterdam. There are still about one thousand persons of enemy countries to be repatriated and these will be put aboard the Steamer Antiochus, which will sail about April 1.

WILL REMAIN AT CAMP GRANT

Camp Grant, Ill., March 13.—Revocation of the order assigning Lieut. Col. H. Clay Michie to duty in the surgeon general's office at Washington was received today. Lieutenant Colonel Michie will continue in command of the base hospital at Camp Grant.

BOXING LEGISLATION BEFORE CALIFORNIANS

San Francisco, March 13.—Boxing legislation to date in the western states permits twenty five round bouts in Nevada, and twenty round bouts in Idaho. The Montana legislature passed a boxing bill which allows fifteen round bouts. It must now go before the people. A bill to permit ten round bouts in California is before the legislature.

CASHIER OPENS FIRE ON ROBBERS

Chicago, March 13.—William Bigel, assistant cashier, opened fire and drove away four bandits who attempted to rob the Metropolitan State Bank today. Bigel was wounded in the shoulder.

GEORGE H. WILSON
Quincy, Ill.

Republican Candidate
for

Justice of the
Supreme Court

election, Tues., April 1,
1919

Mr. Wilson was born
Barry, Ill., in 1866;
graduated from Illinois
College, Jacksonville,
Illinois, in 1888, with
degree of A. B., val-
ictorian of his class;
received degree of M.
from the same insti-
tution in 1891. Attend-
ed Union College of
Law in Chicago. Prac-
ticed law in Quincy
since 1891. State's At-
torney for Adams coun-
ty, 1896-1900; Corpora-
tion Counsel of Quincy
1907-1908; State Repre-
sentative 36th Dis-
trict in 46th, 47th, 48th
and 49th General As-
semblies. While in the
legislature he was a
member of the Judicial
and Judicial Depart-
ment and Practice com-
mittees, and had charge
of the program of the
committee on Uniform
State Laws of the State
Bar Association, of
which he is a member
of the Board of Govern-
ors. Is Republican
State Central Commit-
tee man for the 15th
congressional District
and was Chairman of
the Constitutional Con-
vention Campaign com-
mittee for the 15th Con-
gressional District. Is a

and keep the city back or we may
knock together and accomplish
great things.
We should organize a commu-
nity council combining lodges,
benevolent organizations and all
other forms of altruism and seek
to accomplish unitedly what we
cannot do singly. He called at-
tention to six advantages to be
gained. The council will prevent
duplication. In the past much
valuable time and material have
been wasted in this way different
enterprises overlapping each other.

It will create and maintain a
favorable public opinion. All will
unite in this and strive to accom-
plish the best results.

It will include all. The Red
Cross, Y. M. C. A., Y. W. C. A.,
and, in fact, all enterprises which
have for their object the better-
ment of mankind.

It will study our situation and
tell us what to do.

We shall thus be able to act in
case of emergency.

It will enable Jacksonville,
Waverly, Meredosia, Franklin,
Murrayville and other commu-
nities to work together.

So we may expect to be prosper-
ous, moral, healthy, clean and
well progressive.

Dr. Palmer
was then introduced to speak on
the program for the Twentieth
district of the state. A very short
outline of his excellent address is
given.

These are the days of consoli-
dation and not of over-lapping
forces. Some have asked if the
anti-tuberculosis forces could
show any good reason for their
existence. Let me say that during
the past fifteen years the death
from tuberculosis have decreased
25 per cent.

The first organization was in
1896 and the first year the de-
crease was 30 1/2 per cent. From
1897 to 1898 the decrease was
27 per cent which might seem

discouraging but let me say the
greatest decrease has been in the
past 100 years for which the
mortality from this cause was
100 to 100,000 and now it is 140
and this decrease is due to such
work as is done by the anti-tuber-
culosis society and by better
modes of living.

The great advance has been
done since Dr. Koch discovered
the bacillus and yet we have
spent too much time fighting the
bug. In addition to fighting the
bug by anti-spitting laws and the
like we have discovered that
fresh air, good food and sanitary
measures are all important. We
have found witches do not ride
the air on broom sticks at night
and that fresh air and good rest
with ample food will whip the
bug. We have progressed in mid-
wifery; we have learned to scruti-
nize the milk supply. We have
many child welfare agencies. We
have not so much useless fear of
contagion.

Two counties in our state are
far from being alive to the im-
portance of this work. Each coun-
ty should either have a sanitari-
um as you are preparing here or
else should have a trained nurse
and an assistant and place all
cases in some retreat or under
the care of a suitable place for
treatment. An evil bill is now be-
fore the legislature in substance
permitting several counties to
unite in forming a district for
the treatment of tuberculosis
cases. This will mean delay and
failure to accomplish the purpose
and should be opposed.

We should develop a desire for
wise legislation. There is an
organization in the state among
the school children seeking to im-
part knowledge on this all im-
portant subject and already 150,
000 children are enrolled. I do
not know how best to arouse the
apathetic but it should be done.

Moving Pictures and Stereopticon
A series of moving pictures was
then enjoyed. It depicted scenes
in hospital work but unfortunately
the explanatory films were re-
versed so that they could not be
read quickly enough. The list
was very good, however. Then
came some stereopticon views of
hospitals, tuberculosis sanatoria,
camps, homes and places for
treating the dread malady. Many
interesting buildings, tent colonies
and other features were ex-
hibited and explained by Mr. Pon-
tius. Much enthusiasm was
evoked when the sanatorium of
Morgan county was thrown on the
screen.

Miss Katharine Olmsted,
was then introduced with many
highly and well deserved com-
plimentary remarks by Dr. Milligan.
The young lady's address was
simply grand and superb and
should have a broadside instead
of the limited space made neces-
sary by the lateness of the hour.
Her story was thrilling and held
the audience in rapt attention
throughout. She said in part:
"I have had some thrilling ex-
periences. When the Queen of
Rumania begged the United
States for help a company of doc-

tors and Red Cross nurses was
sent to them with a cargo of food
and supplies away around the Pa-
cific route. We stopped in Japan
and were indeed delighted with
what we saw there in ten days.
"The Red Cross has a fine
building and admirable equip-
ment and we saw 300 patients
in 500 nurses. A baroness was
in charge and she had been to our
country and had seen the dress
and ways and had followed them.
The nurses occupied their time
in suitable drilling and other
useful ways and were not idle. We
proceeded on to Vladivostok
which we found extremely dirty
and infested with beggars who
seemed to do a thriving trade.
On Czar's Private Train.

"We were furnished with the
Czar's private train and it was
truly a magnificent outfit; ele-
gant and voluptuous but we were
52 days on it and it became
monotonous. We had to stop to
cut wood for the engine, and the
rivers were stopped for bathing and
base ball and occasionally to kill
some of the live stock. We had
on the train. Reaching Moscow
we found things quiet but tense.
Men were saying little but feeling
much. The opposite of what it
was in Siberia.

"When we reached Rumania
at last we found a great differ-
ence. Our gypsies came from
Rumania and are a carefree peo-
ple but are sadly changed now.
Our supplies had been held up on
the way and when we reached the
city at which we were to stop the
conditions cannot be described.

"The able bodied men had long
before been destroyed in the army
and we were confronted with
hosts of starving women and
children, and in one place which
was an excuse for a hospital were
several hundred more boys, 15
years old, more or less, who had
been pressed into the army and
sent back sick and wounded, and
no one knew a thing to do, and
had little or nothing to do with
it.

"We were almost desperate.
Boxes were improvised for dress-
ing tables, pocket knives for in-
struments and in that pitiful man-
ner as much as possible was done
for them. Every day the ox carts
went thru the place gathering up
the dead to be dropped in a
trench, and then most heart-rend-
ing of all came in the children
cruelly maimed by heartless Ger-
mans; hands cut off, eyes de-
stroyed and mutilations too awful
to mention.

"We did everything we could
for them and gained their good
will so that they had all confi-
dence in us.

Christmas Tree for Rumanians
"As Christmas drew near we
tried in some way to prepare a
present for each and our supplies
having arrived we were able to
do something for them. Our men
cut a large tree and with pieces of
candle we managed to illuminate
it a little and prepare a present
for each one, greatly to their
gratification. At last we learned
that we had remained in the
country too long and a terrible
time we had going out.

"Weary marches, slowly drag-
ging over a nearly ruined rail-
road, plodding from day to day
hither and yon, we finally after
incredible hardships reached Lap-
land, for a few weeks, we greatly
enjoyed a visit with those peculiar
people. They learned to love us
and we them. They took us long
rides in their little reindeer
sledges, we visited them in their
homes and in every way fully en-
joyed the three weeks spent
there.

Trip to England.
"Finally a rickety boat appear-
ed, capable of accommodating
probably 400 people, but 1,300
wanted to get away and on we
went, greatly risking our lives,
but we escaped the mines and
storms, and at last landed in New
Castle and proceeded to London.
Never, can I forget, the cheerful
manner in which hard privations
and toil were endured by our
British friends.

"When our American troops
were to be reviewed we went out
to see them. We presented a
strange spectacle. Our clothes
were in rags, our shoes soled
with automobile tires, our hats
dilapidated and we were generally
down and out, but were greatly
inspired by what we saw of our
brave men, grandly, joyously,
willingly marching to the duty
which they knew meant hardship,
sickness, wounds and death.

"And now I come home to
help improve matters here. I
have carried away with me two
pictures which I can never forget.
In a country school I saw a child
on a cold day eating some cold
unwholesome cakes, prepared by
a mother with plenty of means
but little knowledge. The other
picture of a young mother in
Jacksonville, with a tender babe,
simply clad with a dirty wrap,
and I want to work with you so
that in Morgan county every
child may be so reared that it
will grow to a hearty, healthy
maturity."

"Weary marches, slowly drag-
ging over a nearly ruined rail-
road, plodding from day to day
hither and yon, we finally after
incredible hardships reached Lap-
land, for a few weeks, we greatly
enjoyed a visit with those peculiar
people. They learned to love us
and we them. They took us long
rides in their little reindeer
sledges, we visited them in their
homes and in every way fully en-
joyed the three weeks spent
there.

Trip to England.
"Finally a rickety boat appear-
ed, capable of accommodating
probably 400 people, but 1,300
wanted to get away and on we
went, greatly risking our lives,
but we escaped the mines and
storms, and at last landed in New
Castle and proceeded to London.
Never, can I forget, the cheerful
manner in which hard privations
and toil were endured by our
British friends.

"When our American troops
were to be reviewed we went out
to see them. We presented a
strange spectacle. Our clothes
were in rags, our shoes soled
with automobile tires, our hats
dilapidated and we were generally
down and out, but were greatly
inspired by what we saw of our
brave men, grandly, joyously,
willingly marching to the duty
which they knew meant hardship,
sickness, wounds and death.

"And now I come home to
help improve matters here. I
have carried away with me two
pictures which I can never forget.
In a country school I saw a child
on a cold day eating some cold
unwholesome cakes, prepared by
a mother with plenty of means
but little knowledge. The other
picture of a young mother in
Jacksonville, with a tender babe,
simply clad with a dirty wrap,
and I want to work with you so
that in Morgan county every
child may be so reared that it
will grow to a hearty, healthy
maturity."

LATE BASKETBALL TOURNAMENT OPENS

Jerseyville Team Declared Ineligible to Play By State Board—Barry Team Will Substitute.

Urbana, Ill., March 13.—Playing an uphill game, the Champlain High School Basketball team defeated Alton in the opening game of the state tournament at the University of Illinois tonight by the score of 23 to 19. Alton led in the first half, 15 to 9. Fred Billman, star forward on the Alton team, died in a Decatur hospital today of spinal meningitis. Atwood will remain in the tournament.

Other results were: Springfield, 30; Morris, 15; Shelbyville, 28; Atwood, 26. Jerseyville disqualified. Springfield, Ill., March 13.—The Jerseyville high school basketball team today was declared

ineligible to play in the state tournament which opens at Urbana tonight. This decision was made today by the state athletic board of control which is meeting here. The Jerseyville team, en route to Urbana, had just arrived in this city and had been ordered home.

One member of the Jerseyville team was declared to be ineligible because he had failed to take the required number of accredited studies.

The Barry high school basketball team was declared to be the champions of the Jacksonville district and left immediately for Urbana to take the place of the Jerseyville team on the state tournament schedule.

Alton's high school basketball team was declared eligible for the tournament despite a protest by Centralia to the contrary. Alton won the championship of that district.

HIT BY TRAIN, NEAR DEATH.

Freeport, Ill., March 13.—Waving in his hand an incoherent letter that he had just written, August Miller, evidently a Swiss from Green county, Wisconsin, threw himself in front of a moving Illinois Central train at Red Oak this morning. The train was moving slowly and was stopped before Miller was crushed, but he suffered injuries so severe that his death is expected.

MAY STAGE WILLARD DEMPSEY FIGHT IN PARIS

French Promoters Have Forwarded Offers to Rickard—Claim France is Ideal Place to Hold Title Affair.

Paris, March 13.—Sporting circles here are keenly aroused over reports that Jack Dempsey-Willard fight may be staged in Paris. Promoters here have watched with great interest the difficulties encountered by "Tex" Rickard in America in getting a place for the bout and in the prospect that the bout may not be held in the United States. The offer will be made to Rickard, soon if they have not already reached him.

The promoters here argued that Paris with its big floating American and British population at present would be a better place than either Juarez or Havana if the bout goes outside America. Higher prices could be obtained for seats than before the war.

It is figured that seats which sold for \$50 for Johnson-Moran bout would bring \$100 now.

A high army official informed the Associated Press today that the Dempsey-Willard fight would not be held in the United States, adding:

"There is one man who can stop the fight in America."

The officer refused to divulge the name of the man but said that Willard was not very popular in the army owing to his attitude during the war and his refusal to give his services to the Red Cross and the various soldier benefits.

Boxing is flourishing in Paris at present and the Knights of Columbus and the Y. M. C. A. are holding weekly shows in which American boxers meet British and French. The superiority of the Americans which might be expected if not over the English and the colonials at least over the French to whom boxing is a comparatively new sport, is not in evidence.

FORMER EMPEROR OF KOREA LAID TO REST

Tokio, Tuesday, March 4.—(By the Associated Press.)—The remains of Former Emperor Yi Hien of Korea were borne to the tomb this morning according to advices from Seoul.

Just within the city walls in a building where Japanese state ceremonies are usually held impressively simple Shinto Rites were performed. Subsequently the Korean customs were followed.

SEALING FLEET STARTS FOR NORTH

St. Johns, N. F., March 13.—Ten steamers, the smallest sealing fleet in the history of the industry in Newfoundland, sailed today on the annual trip to the ice fields, where the animals are found every spring. Nine of them will operate off the grand banks and the tenth, the Viking, will seek to obtain a load off the Gulf of St. Lawrence.

TRADE SCHOOL FOR CRIPPLED SOLDIERS

New York, March 13.—Establishment of a trade school and work shop for crippled soldiers near the military hospital at Mineola was being considered by the Knights of Columbus, it was announced today.

Courses and work along the following lines would be supplied: picture framing, glass cutting, manufacture and painting of novelties and toys, painting and upholstering of wicker and willow furniture, basket work and re-painting of iron bedsteads and other furniture.

RECLAIMED LAND FOR SOLDIER SETTLEMENTS

WASHINGTON, March 13.—In expectation that legislation providing for settlement of reclaimed lands by returned soldiers will be passed by the next congress, Secretary Lane is continuing the preliminary work of investigation. Questionnaires are being distributed at the various camps and naval stations. Mr. Lane said today in order to obtain information as to the attitude of the men. Thirty-two states either their legislative action or appointment of state committees the secretary said have taken steps toward cooperation with the interior department in widdling out the soldier land settlement plan. Illinois is included.

CAPT. ANDRE TARDIEU REVIEWS PEACE

PARIS, March 12.—Captain Andre Tardieu of the French peace delegation today held his usual weekly conference with the newspaper correspondents.

Captain Tardieu said he did not believe the peace treaty could be signed by March 20, although he expected great progress within the next week. Four treaties will be necessary one each with Germany, Austria, Turkey and Bulgaria, Captain Tardieu explained and these he said, probably would not be signed together. The treaty with Germany, being the most important would be signed first. The others would be drawn along similar lines.

Captain Tardieu said the financial and commercial sections of the treaty would contain important regulations of enemy trade but that shipping would be resumed under certain reservations.

Answering an inquiry whether the Germans would be permitted to Paris to sign the peace treaty Captain Tardieu said it was not certain that the Germans would be summoned to Paris—that the conference had not decided.

WILL DECIDE ON SIZE OF MERCANTILE FLEET

BERLIN, March 12.—(By the Associated Press.)—The mercantile fleet in German harbors disposition of which will be decided at an early date at the food and shipping conference at Brussels consists, according to German figures of 723 steamers of 1,986,700 gross tons and 136 sailing vessels of 52,600 tons. The sailing craft and some of the small steamers will, however, be left by the entente to Germany for coastal traffic.

The steamer figures include steamers finished during the war, but not the unfinished steamers, which the Germans continue to insist cannot be demanded under the armistice.

The fate German steamers in neutral ports is not absolutely known although many of them probably have been seized.

The total tonnage that may be surrendered to the entente is approximately 2,250,000 gross.

DATA ON INDUSTRIAL CONDITIONS INCREASE.

New York, March 13.—A constantly increasing mass of data on industrial conditions abroad which is being accumulated by the bureau of domestic and foreign trade of the department of commerce will be turned over to the national industrial conference board for dissemination among manufacturers interested William C. Redfield, secretary of commerce announced today. A commission was appointed to receive, classify and distribute the data. The conference membership includes twenty-one state and national associations of manufacturers.

ANOTHER "WOOD FOR PRESIDENT" CLUB

Denver, Colo., March 13.—Thirty eight prominent Colorado Republicans today filed articles of incorporation with the secretary of state of the "Leonard Wood Republican Club of Colorado" the object being to promote the candidacy of the commander of the central department of the army for the Republican nomination for president next year. Leaders in the organization said Republican leaders throughout the Rocky Mountain States have agreed to form similar organizations.

U. S. IMPORT OF SHOES HURTS NORWEGIAN MAKERS

Christiania, Wednesday, March 12.—The importation of American made shoes has assumed such dimensions that an important part of the Norwegian shoes factories has been obliged to suspend operations. Worse conditions for the home factories are expected, it is declared as a Norwegian-American company with a capital of 5,000,000 kroner intends to establish factories in Norway on the American pattern.

FROM COUNTY
AGENT'S OFFICE

Warriors Organize.—Great interest is shown in the Illinois Agricultural Association in the various counties. In Hancock county 72 men walked up and signed individual membership cards. The men who did so were run informed as to what they were doing and took action because they wanted to get the state organization. In that county they recently organized a farm bureau on a \$15 basis to go to the state organization in Vermillion county the move

for the state organization has met with such favor that the farm bureau membership bids fair to go to the 1000 mark. According to a recent ruling of the executive committee of the state association counties having organized farm bureaus prior to March 15, 1915 may come into the association at \$100 per year until the next re-organization period. For the good of the cause, however, such counties are urged to encourage their members to take individual memberships in the state organization. A number of Morgan county farmers have already done this. Are we about ready as an association to get into the game?

Farm Accounts and the Income Tax.—A great many farmers have had difficulty in making income tax returns because they had not adopted a plan of keeping system-

atic record of farm transactions. The College of Agriculture has worked out a very simple farm account book that will lessen this difficulty another year. Further, if this system is followed, a farmer can tell whether a particular line of farming is profitable or not. This system was thoroughly explained in the schools of farm accounting held in Morgan county this fall. If any farmer failed to attend this school we shall be glad to furnish him information in regard to what we consider an inexpensive system of farm accounting. Further, we shall gladly assist members in opening and closing these books each year.

WOUNDED SOLDIER RETURNS TO WHITE HALL

Dean Haines Who Was Severely Wounded in France is Now at Home—Has Been in Hospitals For Many Months—Other News Notes.

White Hall, March 14.—Dean Haines, son of Rev. J. J. Haines, reached home this morning, after a rather long stay in hospital, of the defense of Paris. He was badly wounded last summer, and hovered between life and death in hospitals overseas until last fall, when he had sufficiently recovered to be brought to America since which time he has been at Fort Des Moines, Iowa. He will not receive callers for a couple of days, and then he promises a good account of his experiences.

The remains of John Painter were brought here Thursday from Fidelity, Jersey county, arrived at 11 o'clock, and immediately thereafter funeral services were held in the M. E. church. The discourse was by the pastor, Rev. Leo Howard. While not a war veteran, a request of the deceased that he be buried by members of the G. A. R. was carried out, the pall bearers being J. S. Baker, Henry Gogges, L. N. Ballard, F. M. Walton, S. J. Riggs and John C. Price. The remains were buried in the High Street cemetery.

Deceased was a native of the High Street neighborhood, six miles southeast of White Hall, and at death his age was 74 years, 11 months and 11 days. His wife died in 1889, since which time he has resided among the five surviving children, who are Mrs. Geo. D. Addison of Jerseyville, Mrs. Edward Aldridge of White Hall, Mrs. P. E. Chism of Fidelity, Francis M. Painter of Roodhouse and Otis of White Hall. For the past year he had been ill with a complication of diseases at the home of his youngest daughter at Fidelity, where his death occurred at 10 o'clock on Tuesday. At the age of 68 years he united with the M. E. church at Otterville, Jersey county.

His brothers are James N. Painter of White Hall and William of Greenfield, and his sisters are Mrs. Edward Taylor of Ardmore, Oklahoma, Mrs. R. D. Heberling and Mrs. Sylvester Edwards of White Hall. High Spots in White Hall Gossip. W. C. Barton, traveling representative of the Simmons Hardware Co., of St. Louis, is dangerously ill at his home in this city. He is a victim of influenza, having been taken ill some time ago.

George Prindle arrived Wednesday from France. He did not get into the fighting zone. Mr. and Mrs. W. H. Hankins of Red Wing, Minn., spent a couple of days this week with friends and neighbors of a dozen years ago. He is best remembered as a member of the old White Hall Republican Club that toured distant cities and states in the days of Harrison and McKinley.

Clement Knight, son of A. E. Knight, was unconscious for 24 hours following a fall Wednesday, while pole vaulting at the home of Henry Roodhouse. The pole slipped and he sat on the ground with great force. The fear of a blood clot on the brain was dispelled with his return to consciousness. His father is ill with appendicitis and a hired hand is suffering injuries from being kicked by a mule.

A special meeting of the city council was held Wednesday evening to adopt resolutions favorable to the proposed amendment to the public utilities law. Mayor Boehm was designated to represent the city at the municipal banquet in the Leland hotel at Springfield next Tuesday.

Rev. Leo Howard spoke at a Methodist centenary meeting in Greenfield Thursday evening. A dinner party in honor of Mesdames Sarah Higbee and Isaac D. Vedder Sr., will be at the home of Miss Dora McFarland next Thursday. Mrs. Higbee will be 96 years of age on that day, and Mrs. Vedder will be 93 in June. Both ladies can get around and enjoy themselves with the exception of impaired vision and hearing.

The venerable Mrs. L. V. Dayton is seriously ill. D. P. Hollis, of Macomb, was in town Thursday in the interest of the extension department of the Macomb State Normal.

DON'T SUFFER WITH NEURALGIA
Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, colds, influenza, and colds of the head.

Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give Foley's Honey and Tar. It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. Foley's Honey and Tar tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute. Mrs. B. H. Garrett, Schoolfield, Va., writes: "My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of Foley's Honey and Tar every three hours and it surely did help him. He hasn't been sick a day since."

Gas Illumination

Gas when used through proper fixtures gives a most satisfactory room illumination. The light obtained is soft, subdued, quiet and easy on the eyes.

This was not so true in earlier years, but science has made rapid strides in this direction until gas lighting now is almost perfection.

If your house is piped for gas, and you are using gas now, we would like to make certain that you are getting the best possible satisfaction therefrom.

We are making a Special Gas Fixture Display of interest to you

"Reflex" Inverted Gas Lights "C. E. Z." Upright Gas Lights

This is an especially good Lamp, suitable for any room but particularly for reading or sewing — well made, durable, and attractive as well.

This lamp is particularly adapted to use in low-ceiled rooms, a fine kitchen or work room light.

Gas illumination is economical and satisfactory when proper fixtures are used.

If you are using gas and are not entirely satisfied with results obtained, we wish that you would tell us about it—let us know at once your troubles and we will see that they are corrected. We have a full line of mantles and globes for all styles of fixtures, and hose for gas lamps and heaters.

We have a number of old style globes — perhaps you would like one of these to match a set where one has been broken.

WATER SITE BILL PASSED BY SENATE

Measure Which Forms Nucleus
for Water Improvement Plan
Now Awaits Governor's Signature.

In Springfield yesterday the senate passed the Frisch bill dealing to the City of Jacksonville a 60 acre tract needed as a site for the proposed reservoir. The vote was unanimous in favor of the bill. Senator Wheeler introduced the bill in the senate covering this matter about the same time that Representative Frisch presented the bill in the house. However, after the Frisch bill was passed in the house and sent to the senate, Senator Wheeler withdrew his bill and asked the senate to concur in the Frisch bill.

As already indicated this measure had the approval of the state administration and after the legislative committees had investigated the facts there was no question but that the measure would be passed. All that now remains is for Gov. Lowden to affix his signature. The bill carries an emergency clause.

The text of the bill follows:

A Bill
For an act to authorize the transfer by the state to the city of Jacksonville, of certain real estate situated in the said city of Jacksonville.

Sec. 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: That the Department of Public Welfare shall convey, transfer and deed to the city of Jacksonville, all the light, title and interest that the State of Illinois has in and to the following described parcels of real estate:

Lots three (3), seven (7), eight (8), nine (9), ten (10), eleven (11) and twelve (12), and that part of lots (2), four (4), five (5) and six (6) lying east of the center of the Chicago & Alton

Railroad Company's right of way, all in block eleven (11), in Lorton & Kedzie's addition to the city of Jacksonville, Illinois, except (1) acre off of the north end of lots three (3), and that part of lot two (2) above described.

Sec. 2. The conditions attending the transfer of the several parcels of real estate herein described are: (a) The city of Jacksonville shall build a dam on said real estate for the purpose of impounding water and shall otherwise use said real estate in such manner as may be necessary for the purpose of securing an adequate water supply for said city, and shall make no other use thereof whatsoever. (b) The city of Jacksonville shall furnish the state institutions located in said city, with all necessary supplies of water, at a cost never to exceed the rate charged by said city for water furnished to railroad, public service and manufacturing corporations. (c) The city of Jacksonville shall pay to the State of Illinois, the annual sum of three hundred dollars (\$300.00), payable in monthly installments of twenty-five dollars (\$25.00). The installments due shall be paid by deducting the sum of twenty-five dollars (\$25.00) from each monthly statement rendered to the Jacksonville State Hospital by the city of Jacksonville for water furnished to that institution by said city.

Sec. 3. Because of an emergency, this act shall be in full force and effect from and after its passage.

WATER SUPPLY PLANS TO MOVE RAPIDLY

Committee Expects Early Agreement for Remaining Lands Needed—Now Have Right to Condemn or to Build Dam and Let Property Owners Sue.

The preparations for active operations in connection with the proposed reservoir are moving along steadily. As has already been noted, the joint committee of city officials and citizens has either leases or contracts with a majority of the property owners who will be affected when land is submerged.

Yesterday the citizens' committee and attorney, J. A. Bellatti met with the four property owners with whom no definite arrangements have thus far been made. The indications are that an amicable agreement can be reached with at least a number out of the four, since the committee is now in a position to proceed with all necessary plans. The call for funds has been issued to subscribers because a part of the lands already purchased will be transferred within a few days and the deeds for other lands will be ready in the near future.

Three Methods of Securing Land

In the discussion with the property owners yesterday Mr. Bellatti made it clear that there are three methods by which the water company may secure the needed lands. First, it is possible everything may be settled by agreement, the property owners receiving the purchase price which the property owners and the committee representing the company agreed upon; as a second plan the company of subscribing citizens may be organized into a corporation for the furnishing of water supply and proceed with the condemnation suits against the land owners with whom they are unable to reach a satisfactory agreement as to price. Under the law a corporation has the right of condemnation and a jury of twelve men in due course of court procedure would view the land and fix the amount of damages.

A third course possible is for the building of the dam to proceed and then for the property owners to bring suit to recover the amount of the damages resulting from having their land submerged. Mr. Bellatti explained that in his opinion there was no ground for believing that if an injunction were sought by property owners to prevent the construction of such a dam that it would be allowed, since the fund has been raised to pay for any damage done.

Procedure Might Fail

Another reason why an injunction would in all probability not be allowed is in the fact that the state has passed a law to permit the construction of the dam upon land belonging to the state, with land proviso that water shall be furnished to the state institutions here. Some time ago when the plan was talked about of proceeding with the building of the dam, leaving the question of damages for settlement at a later time, it was pointed out that this procedure would be likely to fail in that a land owner who would be affected would sue out an injunction and be able to show that the city after the issuance of bonds for the payment of the dam construction, would not be in a position to make good for any damage done by the submerging of lands.

New the situation is changed, owing to the fact that the group of subscribing citizens has made up a fund which will be adequate to make the purchase of the land at what is thought to be the real market worth or to pay damages when later shown in the regular court procedure.

Similar Situation in Decatur

As noted in a news article in the Journal, somewhat the same situation exists at Decatur, where it is proposed to increase the water supply by the building of a reservoir. Up to this time the city authorities there have not been able to reach an agreement with property owners who will be affected about the valuation of their lands, so it is proposed to go ahead with the construction of the dam, submerge the necessary land and allow the property owners to secure the amount of damages to which they are entitled by

their showing in court. In Decatur the position of the city will not be as strong as is true here because the proposed reservoir there is not authorized by state law and the improvement is not upon land belonging to the state.

It will be remembered more than a year ago the city by a heavy majority authorized the issuance of \$75,000 of water bonds for the construction of the dam. A recent statement by Mayor Rodgers was to the effect that Pearce and Greeley, the Chicago firm of engineers having the work in charge, will soon have the revised plans and specifications completed. In fact, it is expected that these plans will be before the officials early in the coming week, and it will be then possible to ask for the bids for construction.

No matter which of the plans of procedure as mentioned above is finally decided upon, it is very likely that the bids for the construction work will be received as soon as legally possible and the contract let. Even should there be an effort at a court proceeding by injunction to stop the work, it is very likely, in the opinion of the committee and their legal adviser, that the delay by such a proceeding would not be of sufficient length to materially interfere with the progress of work on the proposed improvement.

MISS MABEL WITHEE STRUCK BY AUTO

Teacher in David Prince Met With Bad Accident—Suffered Bruises and Nervous Shock.

Miss Mabel Withee, a teacher at the David Prince school, met with an accident Wednesday evening which might have had serious consequences. As Miss Withee was going north on South Main street at the intersection of College street and South Main street she was struck by a Ford car driven by Thomas Fletcher of Pennsylvania avenue and suffered a number of bruises and minor injuries. She was crossing College street when she was struck by the car which was coming on South Main street from the south. The young woman did not hear the horn and was unaware of the approaching car. Mr. Fletcher stated that he turned suddenly to one side to avoid collision with a delivery wagon and in so doing knocked Miss Withee to the pavement. She was pinioned underneath the car but the driver was able to stop the car before the rear wheels had passed over her. The young woman was taken at once to the office of Dr. W. P. Duncan where an examination showed that there were no internal injuries. She sustained a number of severe bruises on her right side and arm and was considerably shaken up, and will be unable to attend to her school duties for some days to come.

BOARD OF EDUCATION HELD TWO MEETINGS

Approved Changes in Plans for High School—Heating System in David Prince Unsatisfactory.

The Board of Education met in called session last evening with all present except Member Black. President J. P. Lippincott in the chair.

The object of the meeting was to consider matters pertaining to the proposed new high school building. At the last meeting certain changes in the plans were decided on and reported to the architect, Mr. Royer, and he was requested to embody them in revised plans and submit them which he had done and asked that they be examined and returned as soon as possible that he might go to work on the specifications. The revised plans were studied by the members of the board with considerable care and they seemed to be according to the wishes of the board, and it was the order that they be returned to the architect to be perfected in detail and then brought here by him that the board may further consult him regarding minor matters, heating, ventilating material used, ornamental work and various matters.

The board then adjourned and a second meeting was immediately called for general purposes.

It was decided that the city council again be requested to vacate the portion of West Court street between Fayette and Kosciusko as it is much needed for the school buildings.

The publishers of the high school paper asked for a cut of the front entrance and elevation to the proposed new building and the secretary was instructed to ask the architect to prepare one for them.

Supt. Perrin called attention to the meeting of the State Academy of Sciences in this city the 21st and 22nd and thought it would be well to dismiss the school the 22nd in order to permit the teachers to attend the sessions that day and it was so ordered.

The secretary was instructed to secure supplies for the election April 19th. It was announced that the heating and ventilating of the David Prince building was unsatisfactory. Much coal was used and still poor results secured. It was explained that a trap with 1,500 feet capacity was being used for a 9,000 foot building which was one trouble. The ventilating of the building is poor. Many of the ventilating shafts blow down instead of up.

It was suggested that this plant was expected to heat both the new building to be erected and the David Prince building and there should be no question about the heating and ventilating plans. A great deal of discussion followed as it was the desire of all to have no question regarding the heating and ventilating hereafter and it was finally decided to instruct the president to confer with the architect, Mr. Royer, and his heating and ventilating engineer regarding the matter and secure the best advice possible. The building and grounds committee was authorized to buy some valves needed. Adjourned.

TOWNSHIP ELECTION IN WHITE HALL

J. W. Campbell Candidate for Supervisor to Succeed Himself—Rex Campbell to Manage Farm at Muncie, Ind.—Other News. Notes of Interest From Greene County.

White Hall, March 13.—The township election will be held on April 1, and J. W. Campbell is a candidate for supervisor to succeed himself. No opposition has yet presented, but the short time left for filing papers may find W. V. Rhodes in the ring. Party lines are not drawn in local elections. H. S. Greer will be re-elected town clerk without opposition. Rev. A. F. Ewert and Marcus North will be re-elected members of the library board. It was the intention to submit the two mill library tax at this election, but fuller consideration of the situation at the present time caused this proposition to be abandoned until next year. The library is now supported on a one-

half mill tax, but the library has made such wonderful strides and become such an important institution that the first opportunity with the mill tax to take advantage of the two mill tax. The present quarters are located in rooms on the second story of the Grange block and plans for a new library are developing very satisfactorily, and the additional tax will be needed for maintenance. A site for the proposed new library on Whiteside park has been offered to the library board free of charge by Mrs. Seth N. Griswold. Mrs. Griswold purchased a residence site a number of years ago for the erection of a public rest room, but the site became a part of the park without being devoted to the intended use. Now the public rest room idea is being considered in connection with the library, and an entirely different location on Whiteside park has been offered for the purpose.

Pacer Eva Tango Goes to Indiana.

John Stout left today for Indianapolis to complete a deal for the sale of the pacer Eva Tango to Dr. A. V. Britt, of Monmouth. The pacer was owned jointly by Stout and Peter Roodhouse. She is five years old, and has a record of 2:13 1/4. The purchase price is \$1,500.

Eva Tango was purchased at a Chicago horse sale in 1914, and was placed under the training of Rex Campbell on the White Hall track, where she showed promise. Campbell took her on the state fair circuits during the two years of 1917 and 1918, and she was outside the money only four times. She has been with Allen Brothers on the Indianapolis fair grounds during the past month, and Dr. Britt will continue her training there for the grand circuit.

Rex Campbell has taken the management of the live stock department of a farm at Muncie, Indiana, and his departure has taken the life out of the White Hall race course. The eyes on the local track gained wide interest and importance during the five years that Campbell was in charge, and it is predicted that his departure no races will be held this year. However, there is a great deal of valuable and promising race stock in this community, which is best known for Percheron horses, a type of craft animals for work purposes on which mainly rests the fame of Gregory Farm, home of the \$40,000 cannot grand champion stallion of France and America.

FROM PRIVATE

HENRY GITNER.

The letter which is given below has just been received by E. N. Kitner from his son, Private Henry Gitner, who is now stationed at a discharge camp at St. Aignan, France. The young man states that he expects to be there for some months to come, but declares that the conditions at his present location are satisfactory and the meals the best he has had since going over. His letter follows:

St. Aignan, France Feb. 18,

Dear Father:

I have been moved again since last writing. In fact I have slept in a different place for the last four nights and only moved about ten miles.

I expect that I will be here for several months. I am now working in the office at a discharge camp.

You have probably seen in the

paper where men may have their discharge over here provided they have relatives in Europe or have a position with the Y. M. C. A. or Red Cross. I believe if I could get the right kind of a job with the Red Cross I would take my discharge over here.

I understand that after six months service with the Red Cross they pay your way back to the states. Had the hard luck to be transferred Saturday morning just before the pay master arrived. I have hopes of being paid the first of March.

The meals at this camp are the best that I have had over here. Have got hold of a pair of boots, so don't mind the mud so much any more.

I have never received but one letter from you, so I expect a good many when my mail does catch up with me. I must close hoping to hear from you soon.

Your son,

Henry.

SUPT. WOOLSTON TALKED TO STUDENTS

Gave Woman's College Students Idea of Rehabilitation Work to Be Done For Blind Soldiers—Practical Demonstration by Hugh Sutherland.

Superintendent R. W. Woolston of the Illinois School for the Blind gave interesting talk to the students of Illinois Woman's College at Chapel Friday morning.

The work of rehabilitating blind soldiers was the subject of the talk. In this Mr. Woolston brought out the fact that the work done at the local school is the same that will be used in making soldiers who lost their eyesight in the world war self-sustaining.

The thought he brought to his hearers was that the work the government purposes to do is one of re-education of the soldier. As an illustration he used one of the pupils of the blind, Hugh Sutherland who gave a demonstration of Braille reading.

Hugh Sutherland is a resident of Chicago and was a student in the public schools of that city until he graduated from the eighth grade. He was then suddenly stricken blind and was sent to the school for the blind here.

The task of re-educating him was the problem of the faculty of the school. That this was accomplished successfully was shown by his demonstration yesterday. He is a senior and graduates in June and has specialized in typewriting and dictaphone operating.

So to the men who had reached maturity and entered the army and lost their eyesight by gas and wounds, the problem is a big one for the government to rehabilitate them and fit them for self supporting work. It is in most instances more difficult to train these grown men than it is to train a child or a younger person who has not received an education under normal conditions.

Miss Jennie Pasturack sang two numbers with Miss Rebecca Scheibel as accompanist. This young woman earned \$100 last summer taking subscriptions for a magazine which shows that she was not greatly handicapped by blindness.

SERG. HUGHES' FUNERAL TO BE HELD MONDAY

Body of Deceased Jacksonville Soldier will Arrive Sunday Morning—Relatives Here for Services.

Brief mention was made yesterday of the death of Serg. Harry W. Hughes. Mrs. Josephine Hughes of 403 West College avenue, received a telegram yesterday from Gen. John A. Nelson of the U. S. Army, stating that the remains of her son, Serg. Harry Hughes, whose death occurred on board the transport America at sea March 7, will arrive in Jacksonville Sunday morning at 10:15 o'clock over the Chicago & Alton. Funeral services will be held at 10 o'clock Monday morning at Diamond Grove cemetery, in charge of Rev. M. L. Pontius, pastor of Central Christian church.

As Serg. Hughes' death was the result of cerebral spinal meningitis it is not possible to hold a service at the house or the church.

The deceased was the son of the late T. M. and Mrs. Josephine Hughes of this city and was one of the first Jacksonville young men to enter the service. He enlisted with Co. B here and went with the organization to Quinby. After a brief period training he went to a Texas camp and a little later on was sent overseas. He saw many months of active service and was at the front when the armistice brought an end to the fighting. He received his discharge from the service, according to a letter which came a few weeks since, and was on his way to his home in this city when he became ill and died.

Serg. Hughes was born in 1893 in Oaktown, Ky., but had lived for a number of years in Jacksonville. His father preceded him in death, as did his brother, Herbert Hughes, who passed away at Dallas, Tex., in October. The last mentioned was a wealthy resident of Dallas, a junior member of the wholesale firm of Blair, Hughes & Co. Mr. Hughes went thru such a strain in the Liberty Loan campaign that he contracted the flu and died after a very brief illness.

The deceased was industrious and exemplary in his manner of life and his untimely death is a great sorrow to his relatives and friends. He is survived by his mother, living here, and two sisters, Mrs. J. D. Clark of 403 West College avenue, and Mrs. Gertrude Brooks, Jackson, Miss. There are also three brothers: Henry Hughes of Cleburne, Texas; Thomas C. of Los Angeles, Cal.; and Leslie M. Hughes.

Mrs. Gertrude Brooks, sister of the deceased, and H. D. Warden, a cousin, will arrive today from Jackson, Mich. Mrs. Herbert Hughes, accompanied by her father, Wiley Blair, a millionaire resident of Dallas, Tex., will reach Jacksonville Sunday night and Henry W. Hughes of Cleburne, Texas, also a brother of the deceased, will arrive tonight or tomorrow.

J. BART JOHNSON

THE CUMBERLAND AND MERRIMAC

It was just about this time in the year 1862 that the mighty event occurred which revolutionized naval warfare, and helped to save the great republic. It was of it that the poet, Longfellow, wrote:

"At anchor in Hampton Roads we lay,
On board the Cumberland, sloop
of war;
And at times from the fortress
across the bay
The alarm of drums swept past,
Or a bugle blast
From the camp on the shore."

Then far away to the south uprose
A little feather, of snow white
smoke,
And we knew that the iron ship
of our foes
Was steadily steering its course
To try the force
Of our ribs of oak."

And this was the beginning of the battle between the Monitor and the Merrimac.

The matter was recalled Friday night, in a family reminiscence told at a company, in an aside, by a young woman.

The lady was Mrs. Staff, wife of Dr. L. E. Staff, of Jordan street.

Her story was short, as her father seldom told of his part in the conflict. But her father was an engineer on the Merrimac in that fateful fight. Her father still lives at Burlington, Iowa, past three score and ten, in age. He was a native of St. Louis, Mo., but had gone south before the war in search of work, and the conflict between the states found him south of Mason and Dixon's line.

There, in some way, he was put on the Confederate iron-clad Merrimac as an engineer, and had his part in that capacity. In one of the world shaking incidents of our Civil War, unfortunately the lady knew little about the incidents of the affair as her father was averse to talking of it.

METHODISTS TO HOLD GROUP MEETINGS

Series of Six Arranged For Jacksonville District by Supt. Fletcher—One Meeting Here at Centenary Church.

A number of spring group meetings for Jacksonville district Illinois conference of the M. E. church, have been arranged and will occur between the dates of March 24 and 29. The first of the groups will meet at Havana, Monday, March 24, and the calendar for the rest of the week will be:

Virginia, March 25.
Jacksonville, March 26.
Carrollton, March 27.
Carlinville, March 28.
Waverly, March 29.

In each instance there will be afternoon and evening sessions and for the meeting here the conference will be held at Centenary church. The program as given below will be carried out at each group meeting, except the one at Waverly on Saturday, March 29. In that town the program will begin at 10:30 a. m., and there will be a noon day luncheon instead of the supper at 5 o'clock. There will be no Saturday evening program but on the day following the speakers will occupy the pulpits of the Waverly church.

These meetings have been arranged by Rev. E. L. Fletcher, district superintendent, with the approval of Bishop Thomas Nicholson of the Chicago area and R. J. Wade, the area secretary.

Assisting in the work of district organization are the following:

Director of Minute Men—T. V. Hopper, Jacksonville.
Secretary of Stewardship—E. G. Saye, Jacksonville.
Director of Sunday Schools—C. M. Corrie, Chatham.

In the Centenary district council the pastors are represented by Rev. W. S. Phillips of Carlinville and the laymen in charge of the work are C. H. Rush, Petersburg; W. S. Reardon, Ashland; J. R. Harker, Jacksonville; O. T. Purl, Carrollton; E. K. Metcalf, Greenfield; C. C. Grimmett, Palmyra.

For each group there are officers and committees that work in connection with the district organization. These officers for the groups of Virginia, Jacksonville and Waverly are named below, together with the churches that they represent. It is interesting to note in this connection that the work of Supt. Fletcher the past year attracted most favorable comment at the conference and he is recognized as a man devoted to his work and a thoro organizer.

Herewith is the program together with the names of groups:

1:00 p. m.—Opening devotional services in charge of minute men, subject, chairman of minute men to preside.

1:30 p. m.—Address—Dr. C. F. Hargrave, pastor King's Avenue M. E. church, Columbus, Ohio.

2:15 p. m.—Reports from each of the churches in the sub-groups. This report is to be made by a minute man from each church.

3:00 p. m.—Wesley Foundation and the Centenary—Dr. G. E. McCammon, field secretary of the Wesley Foundation.

3:15 p. m.—The Epworth League and the Centenary—Rev. W. W. Henry, district president of the Epworth League.

3:30 p. m.—The Sunday school and the Centenary, Rev. C. M. Corrie, district director of the Centenary Sunday school work.

3:45 p. m.—Address—Dr. E. H. Housley, Philippine Islands.

New

Double Breasted

The predominating style for young men, without question, will be double breasted suits

Here and now are several of the smartest models that you ever admired—

THE "MAYO," and THE "GOTHAM"
A high waisted coat with over-shoulder lapels, silk lined and piped.

THE "GOTHAM"—Snug waistlines with long graceful peaked lapels, pockets; silk piped welts; one-quarter silk lining.

THE FABRICS—Navy blue, African brown and fancy unfinished worsteds; grey and blue flannels—now in our windows—

\$30 and \$35

But you must see them; as advertised—and even better.

Of all glad words of tongue or appetite, the gladdest are these: "Their meats are right." The choice foods we sell are much in favor with the folks who feel that the best is none too good for them. If that's the way you feel about it you should patronize this market.

DORWART'S
Cash Market

The Chain of Satisfaction

My customers ask me why I bother to sell equipment and accessories, when I have such a good business selling cars.

Frankly, it's because I think so much of the HUDSON and Essex car, that I sell good things to go with them, so that owners may be perfectly satisfied with their car and help my business grow.

This is a good time now to Re-tire and get your car in first class shape as spring is here.

I carry a full line of accessories to repair or re-finish your car. Take care of your battery, repair it, and put it in first class order.

Why not buy your full season supply of oil? I handle the well known Mobiloil, in 1 gal., 5 gal., 15 gal., 1/2 barrel, and full barrels.

If you have been using Veedol, I can save you money on this while my supply lasts.

I carry several well known makes of casings and tubes. Let me fix you up on your next tires.

Have You Seen the

Diamond La Vallieres

That We Recently Have On Display

When diamonds are mentioned the idea at once enters the average mind that it is something out of reach, but it's not the case by any means.

Lace Work Designs

The ones that we now have in are of the most exquisite workmanship we've ever seen—"Lace" is the only word that adequately describes them, and "exquisite" is not sufficiently strong to convey their beauty.

These La Vallieres are of solid gold and contain perfect white diamonds, but are astonishingly low priced.

If you are considering a gift, we should like to show you these beautiful articles.

BELGIAN BOY WITH AMERICAN MARINES

Ten Year Old Jean Moyeaux Wears Uniform of Marines and Will Accompany Regiment to This Country.

Paris, March 10.—(Correspondence of the Associated Press.)—A youngster of 10 created a sensation in the reading room of the Knights of Columbus club in Paris recently by appearing before the assembled Yankee soldiers garbed in the uniform of an American marine, with two wound stripes and three service stripes on his sleeves.

More than a year ago some of the marines were stationed in a little French village when a little Belgian boy came to their camp. He was received with open arms, and when he told them the story of how his mother and father had passed away, they adopted him as the mascot of the regiment. Jean Moyeaux has been with the marines every moment since that day when the little refugee—hungry and lonesome—reached the camp.

During two engagements the little Belgian boy was wounded, and one of his little legs is crippled. He walks with a limp, but he always hopes that he will one day be able to walk as straight as his friend, the Corporal. The Corporal adopted the youngster and soon he was loved by every member of the 13th regiment. He is a clever youngster and in the past year has learned much of the way of the American.

A Knights of Columbus secretary gave the little soldier some candy, and plied the refugees with questions. "Me no Francois, me Belge," said the youngster. "Me like American." Spose Corporal say me go to American with la regiment. Me no talk beacoup Anglais. Me understand beacoup. From head to foot the young Belgian was garbed in the uniform of the Marine. On his arm he carried a little rain coat, and he proudly displayed the numerals which showed that he was a member of the great 13th.

One of the young men of the Knights of Columbus club asked him why he did not have service stripes. "Corporal he make me one uniform now for promenade. When me promenade me wear sergeant's suit. Then me boss Corporal. My fadder an' mudder mort now. Corporal he fadder to me. Will go to American with Marines."

There were tears in the eyes of many of the soldier boys who were gathered at the Knights of Columbus club. They had been thru much, but this little figure with the two wound stripes and the warped limb gave them just another incident of the horrors of the German attacks in France and Belgium.

Little Jean Moyeaux will go to the United States with his Corporal and the Marines. The captain loves the little youngster. And every man in the regiment would fight for the Belgian boy who has learned to love, and who has learned to know the American soldier as he really is.

PLAN GREAT WATERWAY
Chalons Sur Saone, France, March 12.—(Havas.)—A congress of chambers of commerce at a session here today approved a project to join the Rhone river with the Rhine by coupling up the Rhone with Saone. The purpose is to create a great waterway between the Mediterranean sea and central Europe.

HOME ON FURLOUGH

Ernest Hauser, 965 E. College avenue, is home on a furlough from Camp Sheridan. He enlisted in July, 1917, in the 150th field artillery, Rainbow division. In this country he was assigned first to Ft. Benjamin Harrison, Indiana, and then to Camp Mills, starting overseas Oct. 14, and landing in Brittany. He was in the Toul sector, Verdun sector, and Chateau Thierry, and saw a plenty of hard fighting. He had many thrilling experiences, and Aug. 5 had the misfortune to be severely wounded in the left foot and to be gassed at the same time. He was in the hospital a long time and recovered sufficiently to return home Jan. 13, being 17 days on the way. He was then sent to the hospital at Ft. Sheridan, where he is now under the care of Dr. Norris. He has nearly recovered from the effects of the poisonous gas, altho not entirely so. He is here for a few days and he will return for further treatment.

Beside it is a large football and both tell the story of the good work done by Illinois college.

THE SHORTEST

TRAVELING MAN

A notable traveling man representing the H. & M. Novelty Co. of Indianapolis, made the city on a regular trip yesterday. He is David Strous, 4 feet, 7 inches tall, and weighs 165 pounds, and wears a 7 1/2 hat. He lives in Jaytown, Ind., and his wife is 5 feet, 8 inches tall, weighs 175 pounds, and has a daughter who is 5 feet, 6 inches tall, so they

are a family of varied heights. He has with him some amusing photographs. One is of himself standing by a man 6 feet, 5 inches tall, and another by a man 6 feet, 2 inches and weighing 360 pounds. He is now about 60 years old and says he is the shortest man on the road. He is a veteran in the business and is very well preserved. He is not proud of his German ancestry, altho he speaks the father tongue with ability.

ALLIANCE FORMED.

Paris, March 12.—French Wireless Service.—The commission appointed by the government of Luxembourg to study economic problems resulting from the war has decided upon an economic alliance with Belgium and France. This alliance would control an output of 55,000,000 tons of steel annually and put an end to the German monopoly in continental Europe.

SAILOR WRITES

WILL ON ENVELOPE

Halifax, March 12.—A sailor's will closely written on an envelope and covered by two postage stamps was declared valid by the Nova Scotia supreme court here today. Colen Wentzell, of Mahone Bay, left \$2,500 in cash and his share in a schooner to his fiancée, Miss Gladys Keddy, in the will which was written during his last voyage to the Barbadoes.

MRS. BROWN A WELL WOMAN ONCE MORE

Was Confined to Her Bed and Chair for Over Two Years Before Taking Tanlac.

"Some strange things happen in this world and the change Tanlac has brought about in my wife's condition is one of them," said J. L. Brown, a resident of College Park, Ga.

"For over two years," he continued, "my wife had so much trouble with her stomach that she could hardly take any nourishment at all but a milk diet, and she fell off till she was little more than a living skeleton. She got little rest or sleep at night, had no energy at all and was so weak and rundown that most of her time was spent in bed or in her chair. Her skin was sallow and unhealthy looking and she didn't seem to take interest in anything."

"In fact, she was about as bad off as she could be to be alive, when she started taking Tanlac, and just a few bottles of this wonderful medicine have made her a well woman once more. She now eats anything she wants, sleeps like a child, has gained twenty pounds and is able to do all her housework as well as she ever did."

Tanlac is sold in Jacksonville by Coover & Shreve.

He was drowned on his return trip and the letter bearing his will was received in December, but not until late in January was the writing discovered when the stamps were removed. The supreme court dismissed a contest instituted by Wentzell's widowed mother.

CHILEAN MISSION

Think what it means to the children

More and more mothers are realizing how important home-baking is to the health and development of their children.

It is in such homes that the superfine quality of Valier's Enterprise Flour is most appreciated. Mothers know that quality in flour not only means more successful baking, but baking that is finer in flavor and more nourishing.

Valier's Enterprise Flour is made to give the highest quality baking results—and it does. It is made of the choicest flour part of the choicest wheat. It is an ideal in flour making—always maintained. When it couldn't be maintained, due to war milling regulations, it wasn't made at all. Bake pure, wholesome bread, cookies, etc., for your children with this superlative flour.

Phone your grocer for a sack of Valier's Enterprise Flour today.

WOMEN OF MIDDLE AGE
How Lydia E. Pinkham's Vegetable Compound Relieves the Ailments of Change of Life.
"During Change of Life I had hot flashes, dizzy spells and every month the same old story was with me. I was a constant, dull pain, and would always feel tired. I suffered in this way for five or six years and was treated by a physician and took different remedies without benefit. Lydia E. Pinkham's Vegetable Compound was recommended to me and I took it, and I believe I would never have been well if it had not been for the Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I am recommending your medicine to all women ailing as I was, for I think it will carry them safely through the change of life and relieve the ailments that come at that period."—Mrs. ALENE C. NANGLE, LaSalle, Ill.
Women who suffer from nervousness, "heat flashes," headache, dizziness, and "the blues," should try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and if complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in such cases is at your service.

DOING HER BIT
"More than a year ago I took a course of Mayr's Wonderful Remedy for gall stones, severe colic and stomach trouble and have been entirely well ever since. I have recommended it to many other stomach sufferers, as I felt it was my duty to tell them just how much good it has done me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.—Adv.

Health
THE MAN WHO SUSPECTS that he has kidney trouble and neglects to take measures promptly for his relief is taking a dangerous unwise risk. If the kidneys are not properly performing their function of purifying the blood stream, waste products and poisonous acids remain in the system and cause nervousness, rheumatic pain, backache, languidness, sore muscles, swollen joints, stiffness, puffiness under eyes and other weakening symptoms.

Foley Kidney Pills
Restore and regulate the healthy and normal action of kidneys and bladder, bringing clean blood, sound nerves, clear head, good digestion, active brain, and all round vigorous health.
M. W. Taylor, Calvert, Ala., writes: "My ailment is kidney trouble. I tried three different remedies, but none gave me such relief as Foley's Kidney Pills."

FROM PLOUGHBOY TO PARLIAMENT MEMBER
London, Feb. 18.—From ploughboy to member of parliament, was the remarkable rise of Joseph Arch, who recently died at the age of 92. He was a unique figure in English parliamentary life, being in 1885 the sole workingman member of the House of Commons. At that time there was no kind of labor party in existence here.

Mr. Arch achieved fame as the champion of the English farm laborer when the tiller of the said reared his family on a wage of \$2 a week, subsisted chiefly on barley bread and hardly knew the taste of tea or sugar. In 1872 he enrolled 200 farm workers in an organization that came to be known as the National Agricultural Laborers' Union, whose leaders the Bishop of London wanted to duck in a horsepond. "Adult baptism," Mr. Arch rejoined to the bishop's statement, "is not the rule of the Church of England." Mr. Arch is credited with having done more than any other man to improve the condition of England's peasantry.

He was popular in parliament. One of his constituents was the Prince of Wales, afterward, King Edward. He referred to Mr. Arch as "my member."

Mr. Arch also was a Primitive Methodist preacher. He was fond of his pipe and an occasional glass of ale.

GUARD DIVISIONS ON WAY HOME
WASHINGTON, March 12.—The homeward movement of three national guard divisions, the 30th, (Tennessee, North Carolina and South Carolina), 36th, (Texas and Oklahoma), and 37th (Ohio) has begun. Several of these organizations were included among the 600 officers and 12,000 men whose departure from France on several transports was announced today by the war department. The vessels are due at New York and Newport News between March 17 and 24.

The southern troops will land at Newport News and go to camps in Virginia and Texas, while the Ohio units will land at New York. Other units of these divisions are expected to sail from France soon. The Transport Harrisburg due at New York March 17 has on board detachments of 14th infantry, totalling nine officers and 655 men, casual companies of Pennsylvania, New York, California and Idaho troops, the 1st and 2nd air service construction companies and four convalescent detachments.

The Transport Finland due at Newport News March 22 has a number of units if the 30th division.

HARD ROAD BOND ISSUE CASE APPEALED
SPRINGFIELD, Ill., March 12.—The case testing the validity of the \$600,000 hard roads bond issue was filed in the Illinois Supreme court and a decision is expected from the circuit court of Sangamon county.

The proceedings, which are of a friendly nature, will be argued before the April term of the supreme court and a decision is expected in June.

The case which was filed in the Sangamon circuit court some time ago, was dismissed for want of equity, by Judge E. S. Smith, after a hearing.

DEFER ADOPTION OF PLAYING SCHEDULE
New York, March 12.—Baseball club owners in the International League here today decided to defer the adoption of a playing schedule for the coming season until definite arrangements could be made in regard to securing suitable grounds at Newark, N. J. and the disposal of the Syracuse-Hamilton franchise.

March Birth Stones

If you have occasion to make a birthday gift during this month, why not choose an article containing the stone that will commemorate the event in the most pleasurable way?

The Aqua Marine The Bloodstone

In the former you will find a splendid selection in Pins, Rings and Brooches, of most dainty design.

The Bloodstone

There is a legend connected with this stone, which is green in color, dotted with red spots, that when Our Savior hung upon the Cross the blood dropping from his pierced side fell upon the stones below, spotting them, and that from that day to the present certain stones bear this mark to call attention to the Master's sacrifice for mankind.

"Made in America," this is the cry;
Made where the eagles of liberty fly;
Made where the standard of living is high.

Better Hats

"Made in America"—this is the call;
Made under freedom not under a thrall;
Made where the schools are wide open for all.

Those "Better Hats"

Are Made in America for American Men

The "Knox" and "Stetson"

Hats are worn by men of all nations.

The "No Name"

Hat bears the UNION LABEL and is worthy of your consideration.

"Made in America!" this is the sign;
Made where the labor is sturdy and fine;
Made with a smile, not a soul-weary whine.

Shown By

"Made in America," think what it means!
Made where no slavery darkens the scene.
Where workers are kings and women are queens. By Edgar E. Guest.
